THE DFMCH AT A GLANCE

The UW Department of Family Medicine and Community Health (DFMCH) advances health and well-being by caring, teaching, discovering, leading, and connecting.

KEY FACTS

- Chair: **Valerie Gilchrist, MD**
- FY18 revenue: \$101 million

OUR PEOPLE

- 866 employees (including 154 faculty) plus affiliations statewide.
- 13 new faculty in FY18; 8 faculty promotions.

EDUCATION

- Taught 810 medical students through coursework, clerkship, preceptorships, required courses and electives.
- Three-year statewide residency programs (DFMCH-sponsored and academic partner) are fully accredited; six sites have achieved osteopathic recognition. In FY18, 142 residents were in training; of the 44 who graduated in 2018, 31 (71%) entered practice in Wisconsin.
- Academic, addiction medicine, complementary and integrative health research (CIHR), integrative health, primary care research and primary care sports medicine fellowships offered.

PATIENT CARE

- 359,028 patient visits at 18 statewide clinics (151,410 total patient panel), plus 29,511 patient visits at UW Health urgent care sites.

COMMUNITY HEALTH

- Office of Community Health supported education, research, clinical service and outreach projects that promote and enhance community health.

RESEARCH

- \$6.1 million in grant awards in FY18. Research interests include addiction and substance misuse prevention and treatment, infectious disease surveillance and systems-engineering approaches for improving ambulatory care.
- Wisconsin Research and Education Network (WREN) partnered with primary care clinicians and communities.

YEAR IN REVIEW

July >> 53 residents entered our statewide programs, including 10 at two new academic partner programs: the Aurora Lakeland Rural Training Track and the Aurora Waukesha Family Medicine Residency Program.

September >> Nick Turkal, MD, presented the Farley Visiting Professor Lecture.

October >> **John Frey, MD**, received the American Academy of Family Physicians (AAFP) John G. Walsh Award for Lifetime Contributions to Family Medicine.

William Heifner, MD, named the Wisconsin Academy of Family Physicians' 2017 Family Physician of the Year; **Paul Klas, MD**, named the 2017 Family Medicine Educator of the Year.

November >> **Dennis Baumgardner, MD**, received the 2017 Renner Award; **Jennifer Lochner, MD**, received the 2017 Hansen Lectureship; Jeffrey Grossman, MD, received the Chair's Award.

February >> **Aleksandra Zgierska, MD, PhD**, appointed to the Wisconsin Governor's Commission on Substance Abuse Treatment Delivery.

Kevin Thao, MD, MPH, received a Wisconsin Alumni Association "Forward Under 40" award.

April >> **Randall Brown, MD, PhD, DFASAM**, named to oversee a Wisconsin Department of Health Services-funded statewide addiction consultation hotline.

May >> **Jonathan Temte, MD, PhD**, appointed to the Board of Scientific Counselors in the Office of Infectious Diseases at the CDC.

Valerie Gilchrist, MD, receives the Society of Teachers of Family Medicine's 2018 F. Marian Bishop Leadership Award.

The DFMCH honored 23 medical students, residents and faculty mentors at the McGovern-Tracy and Student Scholars Award ceremony.

June >> 44 residents graduated; 31 (71%) entered practice in Wisconsin.

AAFP names University of Wisconsin School of Medicine and Public Health Family Medicine Interest Group a Program of Excellence for the fourth year in a row.

WELCOME FROM THE CHAIR

Welcome to the DFMCH's FY18 annual report, a summary of our faculty and staff activities from July 1, 2017, through June 30, 2018. Our faculty and staff are extraordinary, and we have a lot to be proud of!

In FY18, we provided care for 359,028 patient visits (151,410 total patient panel) in our 18 statewide clinics. We continued to improve patient care quality by implementing a follow-up process for patients with hypertension, developing a workflow for annual wellness visits for patients with Medicare and launching a new care coordination program to decrease hospital utilization for high-risk patients. In addition, we created a new maternal-child teaching service at UnityPoint Health–Meriter in which our residents and faculty provide hospital care for pregnant women and their infants.

We continue our commitment to educating primary care providers for Wisconsin.

- Of the 44 residents in our sponsored and academic partner programs who graduated in 2018, 31 (71%) entered practice in-state—well above the national average of less than 50%.
- We welcomed residents from our two new academic partners: the Aurora Lakeland Rural Training Track Family Medicine Residency and the Aurora Waukesha Family Medicine Residency Program.
- We taught 810 UW School of Medicine and Public Health students, and for the fourth year in a row, the American Academy of Family Physicians named our Family Medicine Interest Group a Program of Excellence.

In addition, our researchers received \$6.1 million in grant awards in FY18. Their work focuses on preventing and treating addiction and substance misuse, conducting surveillance for infectious diseases and implementing systems-engineering approaches for improving ambulatory care.

And don't miss the numerous national awards our faculty received this past year, listed on pages 12-14 of this report.

I'm grateful to all of our faculty and staff for their skill and dedication: our work depends on you! Over the next year, we look forward to building on our educational partnerships, further improving how we care for patients, strengthening our research program and expanding our community health efforts. Because health lives here, in Wisconsin.

Valerie Gilchrist, MD

Millard Professor in Community Health

Chair, Department of Family Medicine and Community Health

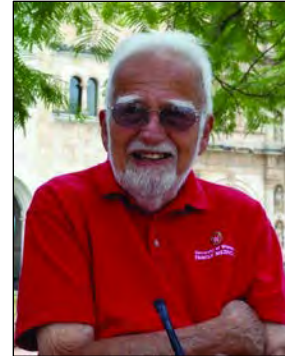

University of Wisconsin School of Medicine and Public Health

IN MEMORIAM

RUDOLPH “RUDY” HECHT, MD

The DFMCH honors the January 23, 2018, passing of Rudolph “Rudy” Hecht, MD, one of its original teaching faculty and the first medical director of the Northeast Family Medical Center.

Born in Hamburg, Germany, Dr. Hecht left the country at the age of six with his family to escape the Nazis. They ultimately landed in Mexico City, where he completed college and medical school at the National University of Mexico. Dr. Hecht then went on to complete residency at Denver General Hospital.

In 1958, Dr. Hecht began practice as a general practitioner and surgeon in a small town in Texas. In 1973, the family moved to Madison, where he joined the DFMCH, teaching residents and caring for patients at the Northeast Family Medical Center.

A Legacy of Teaching and Service

Dr. Hecht’s legacy lives on through the residents he taught.

“I know that I am the type of family physician I am today because of my training under Rudy Hecht at Northeast Family Medical Center,” reflects Neil Bard, MD, a 1980 alumnus of the DFMCH’s Madison residency program who practices and precepts in Richland Center, Wisconsin. “His picture has been in my office...and every rural rotation family practice resident in Richland Center is introduced to my clinic director.”

“I always said that if found myself on a desert island with a lot of sick people to care for, Rudy would be the guy I would want by my side!” says Calvin Bruce, MD, a 1978 alum who retired in 2014.

In addition to his work at UW, from 1973 to 2016, Dr. Hecht was the Honorary Consul for Mexico to Madison and Dane County. He made many volunteer medical trips throughout his career, including one in 1990 to Iraq to donate medical supplies for the Children’s Hospital in Baghdad.

Dr. Hecht has donated his body to the UW School of Medicine and Public Health body donor program to further the education of future doctors.

In his spirit, donations can also be made to the DFMCH’s Visionaries Fund:

<https://www.fammed.wisc.edu/donate/opportunities/visionaries-fund/>

DFMCH GOVERNANCE

EXECUTIVE LEADERSHIP

FY18 KEY FACTS

- 866 employees (including 154 faculty) plus affiliates statewide
- 13 new faculty
- 19 faculty retirements/departures
- 8 faculty promotions

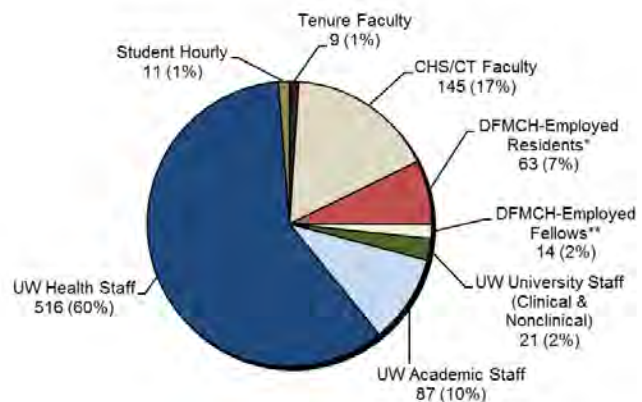

EXECUTIVE LEADERSHIP

- **Valerie Gilchrist, MD**, chair
- **Lawrence Hanrahan, PhD, MS**, research director
- **Linda Haskins, MBA**, administrator
- **Sandra Kamnetz, MD**, vice chair for clinical care
- **Kirsten Rindfleisch, MD**, associate vice chair of Madison postgraduate clinical operations
- **William Schwab, MD**, vice chair for education

The people of the UW Department of Family Medicine and Community Health are a diverse and exceptional group. Based in communities, and through statewide affiliations, they all work toward creating health for Wisconsin.

We are deeply proud of their dedication, efforts and accomplishments.

FY18 STAFF MIX

* Wausau residents are employed by Aspirus; Milwaukee residents are employed by Aurora
 ** One additional fellow is appointed through the UW Department of Orthopedics

1.1. NEW FACULTY

Name	Date Joined	Practice Location
Residency Clinic Faculty		
Jillian Landeck, MD	9/1/17	UW Health Belleville Family Medicine
Julia Lubsen, MD	9/1/17	UW Health Belleville Family Medicine
Priyanka Kalapurayil, MD, MPH	9/1/17	UW Health Verona Clinic
Community Clinic Faculty		
Jonathan Takahashi, MD, MPH	7/1/17	UW Health Odana Atrium Clinic
Vincent Minichiello, MD	7/1/17	UW Health Arboretum Clinic
Sreevalli Atluru, MD	9/1/17	UW Health Deforest-Windsor Clinic
Anna Veach, DO	10/1/17	UW Health Arboretum Clinic
Eric Phillippi, MD	12/1/17	UW Health Odana Atrium Clinic
Trisha McCormick, DO	9/18/17 as float; 5/1/18 as community clinic faculty	UW Health Sun Prairie Clinic
Regional Clinic Faculty		
Emily Peterson, MD	9/18/17	UW Health Beaver Dam Clinic
Timothy Deering, MD	1/1/18	UW Health Portage Clinic
Additional Faculty		
Thomas Hartjes, MD	5/1/18	UW Health Urgent Care
Aditya Sukhwal, MD	5/29/18	UW Health Urgent Care Medical Director

1.2. TRANSITIONS, RETIREMENTS AND DEPARTURES

Transitioned to Prevea Health

Name	Previous Practice Location
William Cayley, Jr., MD	UW Health Augusta Clinic
Mark Gideonsen, MD	UW Health Augusta Clinic
Joan Hamblin, MD	UW Health Eau Claire Clinic
Deborah Raehl, DO	UW Health Eau Claire Clinic

Retirements and Departures

- Stephen Olcott, MD
- Alexandra Adams, MD, PhD
- John Beasley, MD
- Richard Brown, MD, MPH
- Byron Crouse, MD
- Kristina Espinoza, MD
- Kouros Farro, MD
- George Gay, MD
- Cynthia Haq, MD
- Beatriz Lavell, MD
- Stanley Livingston, MD
- Patrick McBride, MD
- Nancy Pandhi, MD, MPH, PhD
- Rian Podein, MD
- Mark Robinson, DO
- Paula Rogge, MD
- Douglas Smith, MD
- Alexander Young, MD

1.3. ROLE TRANSITIONS

The following faculty had major role transitions in FY18:

- **Trisha McCormick, DO**, transitioned from a float position to a primary care provider position at the UW Health Sun Prairie clinic.
- **Wendy Molaska, MD**, transitioned from the UW Health Sun Prairie clinic to a float position and then to the UW Health Cottage Grove clinic.
- **Mark Beamsley, MD**, transitioned from a UnityPoint Health-Meriter inpatient role to the UW Health Verona clinic.
- **Nicole Bonk, MD**, transitioned from a UW Wisconsin Department of Medicine hospitalist role to the DFMCH inpatient medical director.
- **Zinije Jonuzi, MD**, transitioned from an urgent care float role to a DFMCH float position.
- **Danalyn Rayner, MD**, transitioned from UW Health Stoughton Clinic to Urgent Care.

1.4. PROMOTIONS

The following faculty received promotions in FY18. Kenneth Kushner, PhD, chair of the promotion and mentoring committee, along with Kim Jansen, coordinated these activities.

Seth Barudin, MD
Promoted to Clinical Associate Professor

Dr. Barudin practices at the UW Health Beaver Dam Clinic. He earned his medical degree from the University of Iowa and completed his family medicine residency at Columbia St. Mary's Hospital.

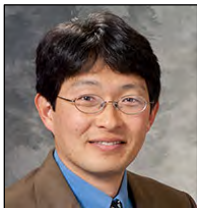

Daniel Jarzemsky, MD
Promoted to Clinical Professor

Dr. Jarzemsky practices at the UW Health Cross Plains Clinic. He earned his medical degree from Rush Medical College—Chicago and completed his residency at the DFMCH's Wausau family medicine residency program. His special interests include diabetes, prenatal and pediatric care and prevention of cardiovascular disease.

William Heifner, MD
Promoted to Clinical Associate Professor

Dr. Heifner practices at the UW Health Oregon Clinic. He earned his medical degree from the University of Missouri-Columbia School of Medicine and completed his family medicine residency at the DFMCH's Madison residency program. His special interests include obstetrics and newborn care, geriatrics, vasectomies, wellness counseling, cardiovascular disease prevention and cardiac stress testing.

Jonas Lee, MD
Promoted to Associate Professor (CHS)

Dr. Lee practices at the Access Community Health Centers Wingra Family Medical Center. He earned his medical degree from the University of Kansas School of Medicine and completed his family medicine residency at the DFMCH's Madison residency program. He has special interests in caring for underserved populations, natural childbirth, addiction medicine and inpatient medicine.

Jennifer Lochner, MD
Promoted to Associate Professor (CHS)

Dr. Lochner practices full-spectrum family medicine at UW Health Belleville Family Medicine. She earned her medical degree from the University of Wisconsin School of Medicine and Public Health and completed her family medicine residency at Oregon Health and Science University.

Marlon Mundt, PhD
Promoted to Associate Professor with Tenure

Dr. Mundt earned his PhD in Population Health Sciences from the University of Wisconsin-Madison. He is a biostatistician and health economist whose research focuses on the value of communication and relationships among clinicians in the delivery of high-value, cost-effective care. He has published articles on cost-effectiveness analysis, benefit-cost analysis, cost-of-illness, efficacy of intervention, and health promotion and preventive services.

Elizabeth Perry, MD
Promoted to Clinical Associate Professor

Dr. Perry practices at the UW Health Fitchburg Clinic. She earned her medical degree from Dartmouth Medical School and completed her family medicine residency at Mountain Area Health Education Center.

Aleksandra Zgierska, MD, PhD
Promoted to Associate Professor with Tenure

Dr. Zgierska earned her medical degree from the Medical University of Warsaw and her PhD from the National Tuberculosis and Lung Diseases Research Institute in Poland. An alumna of the DFMCH's Madison residency program and primary care research fellowship, she is an addiction-medicine expert who serves on the boards of the Wisconsin Society of Addiction Medicine and the American Society of Addiction Medicine.

1.5. ACCOLADES

Byron Crouse, MD, was inducted into Alpha Omega Alpha, the national honor medical society. He also received the Medical Education Lifetime Achievement Award at the Aurora BayCare Medical Center's research and medical education reception and recognition event.

Anne Eglash, MD, was selected as an associate editor of *Breastfeeding Medicine*, the official journal of the Academy of Breastfeeding Medicine.

John Frey, MD, received the American Academy of Family Physicians' John G. Walsh Award for Lifetime Contributions to Family Medicine. The award honors those individuals whose dedication and effective leadership has furthered the development of family medicine.

Valerie Gilchrist, MD, received the Society of Teachers of Family Medicine's 2018 F. Marian Bishop Leadership Award. The award honors individuals who have significantly enhanced the credibility of family medicine through a sustained, long-term commitment to family medicine in academic settings.

Irene Hamrick, MD, received a 2017 Western Carolina University (WCU) Alumni Association Academic Achievement Award. The award recognizes a WCU alumnus/alumna who has attained extraordinary distinction and success in academe and has demonstrated exceptional leadership.

William Heifner, MD, was named the Wisconsin Academy of Family Physicians' 2017 Family Physician of the Year. The award recognizes a physician who exemplifies the tradition of the "Family Doctor."

Derek Hubbard, MD, was elected president of the American Academy of Primary Care Endoscopy.

Wausau resident **Sean Huff, DO**, was the first resident ever to receive an Aspirus “Hero” award. The award is given out by the Aspirus Health Foundation, and recipients are chosen by patients or family members.

Sarah James, DO, was appointed to a six-year term on the Accreditation Council for Graduate Medical Education (ACGME) Osteopathic Principles Committee. This committee grants recognition of the osteopathic principles dimension of ACGME-accredited programs, and tracks programs’ progress and ability to uphold osteopathic standards once osteopathic recognition has been granted.

Paul Klas, MD, was named the Wisconsin Academy of Family Physicians’ 2017 Educator of the Year. The award recognizes a physician who exemplifies the tradition of “Physician as Teacher.”

Sarina Schrager, MD, was selected as an associate editor of *Family Practice*.

Melissa Stiles, MD, was selected as a fellow in the University of Wisconsin-Madison Teaching Academy, an honor bestowed on individuals who have demonstrated teaching excellence, are recognized and nominated by their peers, and are committed to advancing the mission of the Academy.

Jonathan Temte, MD, PhD, was appointed by the U.S. Secretary of Health and Human Services to serve on the Board of Scientific Counselors in the Office of Infectious Diseases at the Centers for Disease Control and Prevention.

Dr. Temte also received a UW Health Clinical Leadership Excellence Award for demonstrating exceptional leadership skills outside of his home department as well as at an enterprise-wide level.

Kevin Thao, MD, MPH, was chosen for a 2018 Wisconsin Alumni Association “Forward Under 40” Award. The award recognizes UW-Madison alumni who are outstanding examples of living the Wisconsin Idea—that the university exists to serve the public good.

Aleksandra Zgierska, MD, PhD, was appointed to the Wisconsin Governor’s Commission on Substance Abuse Treatment Delivery. She was also named one of Brava Magazine’s 2018 Women to Watch for her work to improve the care and health of people with addiction and chronic pain.

The UW Health Northeast Family Medical Center received Purple designation—the highest level awarded—from the Children’s Health Alliance of Wisconsin for being one of only 13 clinics in the state (of the 210 programs statewide) participating in the Reach Out and Read program.

2. EDUCATION

*Belleville resident Jeffrey Berry, MD (left), talks with Richard Roberts, MD, in the clinic.
(Photo: John Maniaci, UW Health Marketing and Communications)*

FY18 KEY FACTS

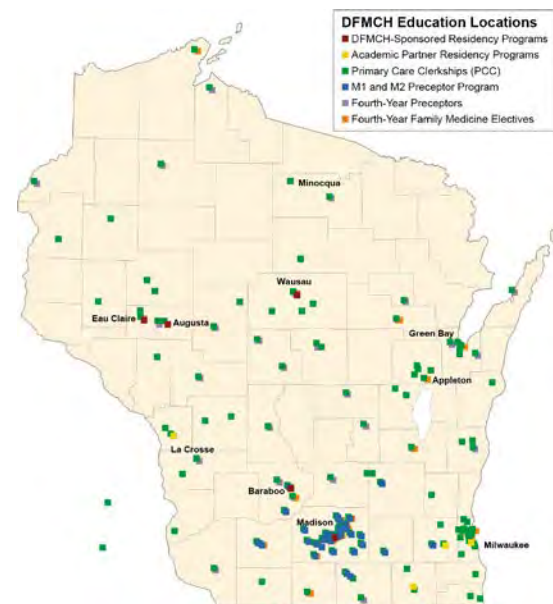

- Office of Medical Student Education taught 810 students in all four years of medical school
- Statewide residency programs (DFMCH-managed and academic partners) had 142 residents in training; 44 graduated in 2018
- 15 fellows received specialty education

LEADERSHIP

- **David Deci, MD**, medical student education director
- **William Schwab, MD**, vice chair for education and graduate medical education committee chair

The UW Department of Family Medicine and Community Health educates primary care clinicians for Wisconsin through our statewide:

- office of medical student education;
- residency programs; and
- specialty fellowships.

2.1. MEDICAL STUDENT EDUCATION

FY18 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">• Taught 810 UWSMPH students through clerkship, preceptorships, required courses and electives• Supported by faculty, staff, and community-based clinical adjunct faculty	<ul style="list-style-type: none">• David Deci, MD, medical student education director and Primary Care Clerkship director• Jacqueline Gerhart, MD, Family Medicine Interest Group director <p>More leadership on page 19...</p>

From coursework to special programs to hands-on mentoring, the DFMCH's Office of Medical Student Education (OMSE) teaches students through all four years of their education at the University of Wisconsin School of Medicine and Public Health.

We are grateful for the efforts of our dedicated family medicine faculty and staff, and especially our statewide network of community-based clinical adjunct faculty (see Section 8).

2.1.1. GENERAL HIGHLIGHTS

- The UWSMPH ForWard curriculum kicked off in January 2018, and overlapped with the Primary Care Clerkship (PCC) for several months. Family medicine physicians taught over 250 students in these two courses during the last academic year, in addition to audition rotations, electives and visiting student rotations.
- The PCC officially ended in May 2018 with the kickoff of the ForWard curriculum and the new Chronic and Preventive Care (CPC) block. CPC is a required 12-week block for Phase 2 students. This longitudinal experience is the only required student experience in the outpatient setting. CPC maintains a core experience in family medicine and other primary care clinics and also incorporates time in specialty clinics.
- The Community Health Engagement Projects (CHEPs) are another highlight in CPC. Students work in teams with community partners on a project that spans one year. Community organizations and a faculty mentor works with the team of students over the 12-week block to improve health outcomes. Toward the end of the block, students 'hand off' the project to the incoming student groups.
- OMSE funded 25 UWSMPH students' attendance at the 2017 American Academy of Family Physicians (AAFP) National Conference of Family Medicine Residents and Medical Students in Kansas City;
- OMSE sponsored 22 UWSMPH students to attend or present at the Family Medicine Midwest Conference, held October 6-8, 2017 in Rosemont, IL;
- OMSE collaborated with the UWSMPH Family Medicine Interest Group (FMIG) and 55 volunteer faculty, residents, staff, FMIG student leaders and community volunteers to teach 123 medical students and 7 PA students at its annual procedures fair on October 26, 2017. The event highlighted the scope of family medicine through 12 different workshops.

- OMSE welcomed 51 students, 10 physicians and eight resident physicians at the 16th annual Essen Haus event, a recruiting partnership between the Wisconsin Academy of Family Physicians (WAFP) and the FMIG, held November 13, 2017;
- With the help of 10 faculty, residents, M4 students and staff, OMSE held a Basic Life Support in Obstetrics certification class on December 2, 2017, for 29 first- and second-year UWSMPH students;
- In collaboration with the FMIG, OMSE collected a record amount of winter apparel for donation to Porchlight to benefit the homeless;
- OMSE matched 12 UWSMPH students with DFMCH faculty to collaborate on people-oriented, clinically relevant, hands-on research projects as part of the Summer Student Research and Clinical Assistantship program;
- Jacob Bryan, MD, became the new faculty advisor for the FMIG; and
- The AAFP named the FMIG a 2018 Program of Excellence for the fourth year in a row.

Left: Representatives from the DFMCH and the UWSMPH Family Medicine Interest Group receive the American Academy of Family Physicians' 2018 Program of Excellence award for the fourth year in a row.

The award recognizes the FMIG's outstanding activities in generating interest in family medicine. (Photo: AAFP)

Left: Second-year UWSMPH students India Anderson-Carter and Bailee Stark with James Bigham, MD, MPH, at a small-group learning session held at the UW Health Odana Atrium Clinic as part of the Chronic and Preventive Care course.

2.1.2. PROGRAM-SPECIFIC HIGHLIGHTS

M1 and M2 Preceptor Program (*family medicine section directed by David Deci, MD*)

The M1 and M2 Preceptor Program introduces first- and second-year medical students to clinical medicine by pairing them with primary care physicians from around Wisconsin.

In FY18, the program paired 221 medical students with 159 statewide preceptors.

Primary Care Clerkship (PCC) (*directed by David Deci, MD*)

Using a statewide network of community preceptors, the PCC gives third-year medical students in-depth experience assessing and managing patients in the outpatient setting.

In FY18, 170 medical students worked with 143 family medicine preceptors statewide.*

Chronic and Preventive Care (CPC) (*directed by Mark Beamsley, MD*)

Using a statewide network of community preceptors, the CPC gives Phase 2 medical students in-depth experience assessing and managing patients in the outpatient setting.

In the second half of FY18 (January-June), 81 medical students were evaluated by 164 family medicine preceptors statewide. This part of the curriculum is new and organizational outcomes are being measured and evaluated centrally through the UWSMPH Medical Education Office.

Fourth-Year Preceptorship (*directed by Paul Hunter, MD*)

This experience gives fourth-year medical students insight into the relationships between clinical care, public health and the health of the community.

In FY18, 91 medical students worked with 42 statewide preceptors.

Fourth-Year Family Medicine Electives (*directed by David Deci, MD*)

In FY18, 184 UWSMPH and 22 visiting medical students participated in family medicine electives with more than 250 family medicine faculty, residents, PAs, nurses and staff at 37 statewide sites.*

* *The program has added more part-time preceptors to fill the educational gap caused by existing preceptors teaching less.*

2.1.3. FACULTY/STAFF LEADERSHIP

Program	DFMCH Faculty/Staff
Medical student education director	David Deci, MD
Primary Care Clerkship	David Deci, MD, director; Mark Beamsley, MD, assistant director
Family Medicine Interest Group	Jacqueline Gerhart, MD
MEDiC	Anne Eglash, MD
Doctors Ought to Care (DOC)	Alison Miller, MD
Summer Student Research and Clinical Assistantship (SSRCA)	Jonathan Temte, MD, PhD
Family medicine advisorship program	David Deci, MD; Jacqueline Gerhart, MD; Christa Pittner-Smith, MD
Health care disparities elective	Jonas Lee, MD
Fourth-year electives	
Addiction medicine	Randall Brown, MD, PhD, DFASAM
Integrative health	Adam Rindfleisch, MD, MPhil
Family medicine research elective	Jonathan Temte, MD, PhD
Geriatric medicine	Irene Hamrick, MD
Madison area clinical clerkships	
Belleville Family Medicine Clinic	David Deci, MD
Northeast Family Medicine Clinic	Ronni Hayon, MD
Verona Family Medicine Clinic	Mark Shapleigh
Access Wingra Family Medical Center	Kirsten Rindfleisch, MD
St. Luke's family medicine clinical clerkship	John Brill, MD, MPH
UW family medicine sub-internship	Louis Sanner, MD, MSPH
YEPSA/PCC OSCE exams	Mark Beamsley, MD
UWSMPH admissions committee	Jacqueline Gerhart, MD; Patricia Tellez-Giron, MD

2.2. RESIDENT EDUCATION

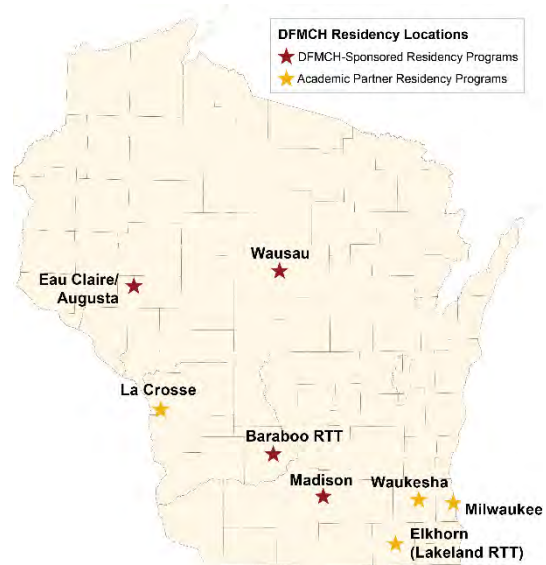

FY18 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> • 142 residents in training in our three-year, statewide, DFMCH-sponsored and academic partner programs • 44 graduates in 2018; 31 (71%) entered practice in Wisconsin • All programs fully accredited; six sites have achieved osteopathic recognition 	<ul style="list-style-type: none"> • William Schwab, MD, vice chair for education and graduate medical education committee chair

Nationally recognized for its educational excellence, the DFMCH prepares residents to practice full-spectrum family medicine, with particular attention to health promotion within their communities.

Each residency program has full accreditation status, and six sites (marked with asterisks below) have received osteopathic recognition, an educational designation from the Accreditation Council for Graduate Medical Education (ACGME).

Total Residents in Training (FY18)

PROGRAM	NUMBER OF RESIDENTS

TOTAL	44

Of these graduates:

- 31 (71%) remained in Wisconsin:
 - 27 (62%) entered in-state practice
 - 4 (9%) entered in-state fellowships (2 academic, 1 primary care sports medicine, 1 integrative health)
- 12 (27%) will practice outside of Wisconsin:
 - 11 (25%) entered out-of-state practice
 - 1 (2%) entered an out-of-state fellowship (1 sports medicine)
- 1 (2%) was undecided at the time of publication

Initiatives

- **New academic partnerships.** In FY18, the DFMCH welcome residents through two new academic partnerships: one with the brand-new Aurora Lakeland Rural Training Track Family Medicine Residency in Elkhorn, Wisconsin, and one with the Waukesha Family Medicine Residency Program, which transitioned from Medical College of Wisconsin sponsorship to Aurora Health Care sponsorship as of July 1, 2017.
- **Preparations for changes in osteopathic program accreditation.** Building on the Accreditation Council for Graduate Medical Education's (ACGME) FY16 approval of our statewide residency programs for ACGME osteopathic recognition, and in anticipation of the American Osteopathic Association (AOA) ending their accreditation of all residency programs nationwide by 2020, we terminated our programs' AOA accreditation as of July 1, 2017. Our statewide osteopathic program now operates as a statewide osteopathic collaborative.

GRADUATE MEDICAL EDUCATION COLLABORATORS

- SSM Health St. Mary's Hospital–Madison
- UW Health
- University of Wisconsin Medical Foundation
- University of Wisconsin School of Medicine and Public Health
- Waukesha Memorial Hospital

WRPRAP: GROWING OPPORTUNITIES FOR RURAL RESIDENCY TRAINING

The Wisconsin Rural Physician Residency Assistance Program (WRPRAP) is now in its eighth year as a DFMCH-administered program designed to leverage state funding to expand resident education opportunities in rural Wisconsin communities.

In FY18, WRPRAP awarded nine programs \$662,381 in total grant funding to enhance and expand rural GME programs and tracks. Individual grants ranged from \$18,000 to \$160,000, and they support efforts including new development of rural residency and fellowship programs, continued development of rural residency programs and tracks, and initial planning for new rural rotation sites. WRPRAP, in collaboration with Wisconsin Collaborative for Rural GME, stimulated interest and initiative to increase education and training opportunities among the physician workforce in rural Wisconsin.

FY18 WRPRAP Grants Overview

- Five Transformation grants, supporting:
 1. Early development of a new 1-2 Rural Training Track Family Medicine Residency Program in northern Wisconsin (Ascension–St. Mary’s, Rhinelander)
 2. Feasibility study to explore potential for developing a new 1-2 Rural Training Track Family Medicine Residency Program in northern Wisconsin (Aspirus Wausau Family Medicine, Antigo)
 3. Development of a new rural Emergency Medicine Fellowship in northern Wisconsin (Marshfield Clinic, Rice Lake)
 4. Continued development and enhancement of a rural psychiatry residency program in central Wisconsin (MCW Central Wisconsin Psychiatry, Wausau)
 5. Continued development of a rural track within a traditional urban residency program (UW Department of Obstetrics and Gynecology, Madison)

- Four Operational grants, supporting:
 1. Development and implementation of a rural simulation curriculum (Monroe Clinic, Monroe)
 2. Continued growth of the Wisconsin Collaborative for Rural GME to provide technical assistance, education and consulting for rural hospitals, clinics and residency programs in order to create and improve rural GME opportunities throughout Wisconsin (Rural Wisconsin Health Cooperative, Sauk City)
 3. Curriculum enhancement and quality improvement for residents to perform ultrasound guided procedures using simulator-based training (SSM Health St. Clare, Baraboo)
 4. Two pediatric rural rotations in Baraboo and Beaver Dam (UW Department of Pediatrics, Madison)

In addition to grant awards, WRPRAP has played a leadership role in rural GME development through participation in state and national rural associations, and through actively encouraging collaboration among health systems, academic institutions and community leaders. The Wisconsin Family Medicine Residency Program Directors Forum is an annual event hosted by WRPRAP to facilitate statewide efforts to recruit family medicine residents to Wisconsin and share lessons among a network of program directors.

Byron Crouse, MD, directed WRPRAP from July 1, 2017, until his retirement on May 18, 2018.

DFMCH Vice Chair for Education William Schwab, MD, became the new WRPRAP director on May 21, 2018.

Residency Graduation Awards

AWARD	RECIPIENT(S)
DFMCH-Sponsored Residency Programs	
Baraboo Rural Training Track	
Chief Resident Leadership Awards	Mathew Herbst, MD, and Paul Stevens, MD
James Damos Distinguished Educator of the Year Award	Stuart Hannah, MD
Madison Residency Program	
Chief Resident Leadership Awards	Anna Chase, MD; Allison Couture, DO; Katherine McCreary, MD; Lauren Walsh, MD
William Scheibel, MD, and Baldwin E. Lloyd, MD, Clinical Teacher Awards	Kathleen Carr, MD

2.2.2. STATEWIDE OSTEOPATHIC COLLABORATIVE

FY18 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> 38 residents 	<ul style="list-style-type: none"> Mark Robinson, DO, director of osteopathic education Sarah James, DO, DFMCH osteopathic program director Jennifer White, education coordinator

The statewide osteopathic collaborative operates at six residency sites, each of which is accredited by the Accreditation Council for Graduate Medical Education (ACGME) and has received osteopathic recognition from the ACGME effective July 1, 2015. Osteopathic residents train with allopathic resident colleagues while receiving additional opportunities to learn and practice osteopathic principles and osteopathic manipulation.

Education Highlights

- AOA accreditation terminated; statewide Collaborative formed.** In anticipation of the American Osteopathic Association (AOA) ending its accreditation of residency programs, the program terminated its AOA accreditation as of July 1, 2017. The program now operates as a statewide osteopathic collaborative.
- OMT conferences.** The program continues to offer four OMT conferences each year, which consist of resident-led case presentations, hands-on time to practice OMT techniques, a practice management topic and faculty development sessions.

2.2.3.1. BARABOO RURAL TRAINING TRACK (RTT)

FY18 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> 6 residents 	<ul style="list-style-type: none"> Stuart Hannah, MD, program director Angela Womble, education coordinator

The Baraboo RTT is committed to preparing physicians for rural practice. It's the oldest program of its kind in Wisconsin, and one of only a few in the country.

Education Highlights

- Education for rural practice.** Since the program opened in 1996, 58% of graduates have gone on to provide maternity care in rural communities, and 65% have remained in Wisconsin.
- Quality of education.** For the past five years, third-year Baraboo residents successfully passed the ABFM board exam on their first attempt, with a program composite score of 592, above the national composite score of 513.

Above, from left: Baraboo residents Paul Stevens, MD, and Mathew Herbst, MD.

FY18 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">• 13 residents	<ul style="list-style-type: none">• Joan Hamblin, MD, residency program director• Paula Naumann, MA, education coordinator• William Cayley, MD, Augusta site leader

The Eau Claire/Augusta residency program teaches community-connected care in a state-of-the-art facility. Through a strong collaboration with Chippewa Valley Technical College (CVTC), resources include a human patient simulation lab and virtual hospital.

Education Highlights

- **Community engagement.** Residents gave health talks at two elementary schools, a middle school and the regional juvenile detention center. They also conducted sports physicals at middle and high schools and collaborated on health outreach projects with CVTC.
- **Curriculum initiatives.** The program approved and implemented changes to the dermatology, hospitalist (Mayo), neurology, otolaryngology, orthopedics, critical care unit, and gynecology curricula. Residents also proposed, and received approval to complete, elective rotations in parenting, high-volume OB, allergy and immunology, neuropsychology and sleep medicine.
- **Resident wellness initiatives.** In addition to holding monthly intern well-being sessions, the program continues to revise well-being offerings to meet the needs of all residents within the program.

FY18 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">• 45 residents• Continuity practices at 4 residency clinics:<ul style="list-style-type: none">○ Belleville: 23,284 patient visits and a patient panel of 7,072○ Northeast: 25,963 patient visits and a patient panel of 10,278○ Verona: 37,061 patient visits and a patient panel of 12,367○ Wingra: 25,039 patient visits and a patient panel of 8,988	<p>Ildi Martonffy, MD, residency program director Jennifer White, education coordinator</p> <p>Belleville:</p> <ul style="list-style-type: none">• Jennifer Lochner, MD, medical director• Peggy Soehnlein, clinic manager <p>Northeast:</p> <ul style="list-style-type: none">• Russell Lemmon, DO, medical director• Alicia Rizzo, clinic manager <p>Verona:</p> <ul style="list-style-type: none">• Brian Arndt, MD, medical director• Adrienne Paske, clinic manager (interim) <p>Wingra:</p> <ul style="list-style-type: none">• Kirsten Rindfleisch, MD, medical director• Mary Vasquez, clinic manager

The Madison residency program offers a robust curriculum nurtured by a supportive community of residents, faculty and staff. Residents care for a dedicated patient panel for three years at one of four continuity clinics.

Education Highlights

- **Rural Health Equity Track begins.** With support from a Wisconsin Department of Health Services grant, the Rural Health Equity Track (RHET) began this year with two first-year residents at UW Health Belleville Family Medicine. In addition to their continuity clinic and rotations, RHET residents participated in local workshops addressing current rural health issues and presented a poster at the National Rural Health Association Annual Conference.

Above: DFMCH faculty and residents at a RHET workshop at UW Health Belleville Family Medicine.

- **Maternal-child teaching service.** The program launched a maternal-child teaching service at UnityPoint Health–Meriter in which one first-year resident and two second-year residents provide obstetric and newborn care in a family medicine model. Residents work with faculty and community family physicians to care for mother and baby from admission through discharge.

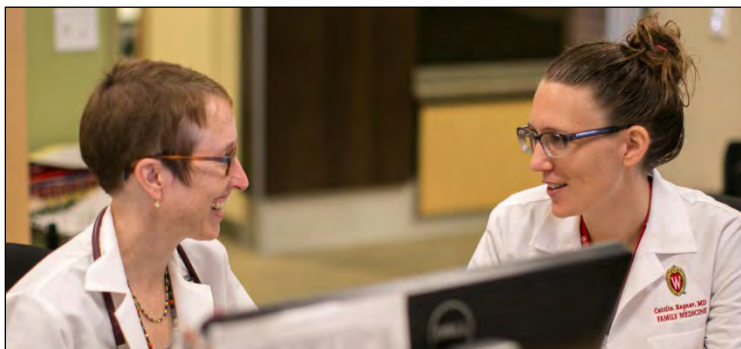

- New community health pathway.** The program added a new community health pathway to the list of pathways that residents may pursue. Pathways are pre-established yet flexible set of experiences within the standard residency curriculum. The community health pathway will prepare residents with knowledge and skills to improve health outcomes in their communities through mentoring, scholarly work, continuing education, and a robust community and population health experience.
- Resident well-being and resilience initiatives expand.** The program continues to offer a resiliency training course based on mindfulness meditation in the first-year seminar series; second- and third-year residents also have physician resiliency training in their seminar series. Four faculty also began conducting Balint groups for the residents in all years of training. Finally, chief residents and the education coordinator created a list of mental health resources for residents, including an outline of insurance coverage, which was distributed at orientation.

HIGHLIGHTS

- Welcomed two new faculty physicians, Julia Lubsen, MD, and Jillian Landeck, MD.
- Added two additional first-year residents, and will add two residents per year for the next two years for a total of six additional residents under the Rural Health Education Grant. This brings Belleville in line with the other three residency clinics with a total of 12 residents each.
- Efforts to ensure that opioid prescribing practices are as safe as possible for clinic patients earned a team at the clinic a DFMCH James E Davis, MD, MS, Quality Improvement Award.

NORTHEAST FAMILY MEDICAL CENTER

Located in northeast Madison, with a culturally and socioeconomically diverse patient population

FACTS

FY18 Patient Visits: 25,963 | **FY18 Patient Panel:** 10,278

Medical Director: Russell Lemmon, DO

Clinic Manager: Alicia Rizzo

HIGHLIGHTS

- Implemented the Adolescent Champion Model, developed by the University of Michigan, which is leading staff through a culture shift to ensure that the environment is welcoming to adolescents, to increase comfort and skills in working with adolescents and to allow for better care that increases key health behaviors and addresses risks.
- Implemented the patient navigator program. Students from the Center for Patient Partnerships (CPP) connect patients with local community resources and follow-up on a regular basis to ensure needs were met. Students are given the opportunity to learn the importance between basic needs and health, interact directly with patients and learn the importance of patient advocacy. Law and pre-law students are on hand to help patients with health harming legal needs. Patients are given resources and navigation through the web of social service and legal systems.
- Continued the partnership with Lake View Elementary School, the neighborhood school the clinic “adopted” over five years ago. Participated in the school’s Back to School Bash, Reading Night, Science Night, Math Night, Multicultural Night and Wellness Day.

ACCESS COMMUNITY HEALTH CENTER/WINGRA FAMILY MEDICAL CENTER

Located in a racially and ethnically diverse area of Madison

FACTS

FY18 Patient Visits: 25,039 | **FY18 Patient Panel:** 8,988

Medical Director: Kirsten Rindfleisch, MD

Clinic Manager: Mary Vasquez

HIGHLIGHTS

- Jonas Lee, MD, has been collaborating with the Allied Wellness Center to train nine women as Community Health Workers. They are focusing on how to do blood pressure checks in their community.
- Jonas Lee, MD, has forged a relationship with the UW Extension Nutrition Education program to offer free produce and cooking classes for patients and community members.
- Social worker Abigail Liedl, CAPSW, along with MEDIC, a UWSMPH student-led organization that runs seven free health clinics throughout the Madison area, has created workflows so that the clinic receives referrals from MEDIC to connect uninsured patients with primary care.

2.2.3.4. WAUSAU RESIDENCY PROGRAM

FY18 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> • 17 residents 	<ul style="list-style-type: none"> • John Wheat, DO, program director • Deanna Froehlich, education coordinator

The Wausau family medicine residency program—one of the oldest in the state—offers unopposed education at a state-of-the-art facility on the Aspirus Wausau Hospital campus.

Education Highlights

- **Osteopathic recognition.** The program received continued osteopathic recognition in April 2018.
- **Exploring rural education opportunities.** The program received a Wisconsin Rural Physician Residency Assistance Program grant to perform a feasibility study exploring longitudinal rural rotations or rural training track opportunities in Antigo, Wisconsin.
- **Resident well-being initiatives.** Residents continue to receive at least one lecture per year on well-being and resilience, and participate in a resident-planned retreat twice per year. In FY18, the program also initiated a Balint Group to meet twice a year.

2.2.4. ACADEMIC PARTNER RESIDENCY PROGRAMS

2.2.4.1. LA CROSSE RESIDENCY PROGRAM

FY18 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">• 9 residents	<ul style="list-style-type: none">• Paul Klas, MD, program director• Robin Borge, MD, associate program director

In 2016, the DFMCH formalized an academic partnership with Gundersen Lutheran Medical Foundation with the intent of strengthening graduate medical education in family medicine throughout Wisconsin.

Through this partnership, the La Crosse Family Medicine Residency Program at Gundersen Health System welcomed its first class of residents on July 1, 2016.

Above: The La Crosse program's second resident class, from left: Laura Jacobson, MD; Kara Kamps-Schmitt, MD; Sarah Brown, MD; Karissa Sanchez Traun, MD. (Not pictured: Lisa Hayes, MD)

Gundersen has a long history of excellent graduate medical education in multiple specialties. Gundersen Health System Graduate Medical Education was recognized as a Baldwin Award winner for being one of the top institutions in the country promoting an excellent learning environment for graduate medical education.

Gundersen is also the western academic campus for the University of Wisconsin School of Medicine and Public Health and is a site for the Wisconsin Academy for Rural Medicine (WARM) program.

Education Highlights

- **6-6-6 residency approved.** The program completed its second year of training and was recently approved to be a 6-6-6 residency by the Accreditation Council for Graduate Medical Education (ACGME).
- **Osteopathic recognition.** The program received osteopathic recognition, an educational designation from the ACGME.

2.2.4.2. LAKELAND RURAL TRAINING TRACK

FY18 KEY FACTS

- 4 residents

LEADERSHIP

- **Jeffrey Tiemstra, MD**, program director
- **Stephanie Dunaway**, education coordinator

In 2017, the DFMCH formalized an academic partnership with the new Aurora Lakeland Rural Training Track (RTT) Family Medicine Residency Program.

Through this partnership, the Lakeland RTT welcomed its first class of residents on July 1, 2017.

Residents spend their first year in Milwaukee on inpatient rotations with the Aurora St. Luke's Family Medicine residents, and their second and third years at Aurora Lakeland Medical Center in Elkhorn, Wisconsin, practicing and learning rural family medicine.

Above: The Lakeland RTT's first resident class, from left: Munish Kaushik, MD; Shivani Bhatganar, MD; Eftu Boru, MD; Jace Varkey, MD

Education Highlights

- **First class welcomed.** The program welcomed its first class of four residents, all of whom have interests in practicing rural medicine in Wisconsin; other clinical interests include obstetrics and geriatrics.
- **Medication-assisted treatment for opioid addiction.** The program established and launched a new clinic to provide buprenorphine and naloxone (Suboxone®) treatment for people struggling with symptoms of opioid addiction and withdrawal. Residents received training in medication-assisted treatment for opioid addiction, and staff the clinic under supervision from the program director.

2.2.4.3. MILWAUKEE RESIDENCY PROGRAM

FY18 KEY FACTS

- 28 residents

LEADERSHIP

- **Wilhelm Lehmann, MD**, program director
- **Stephanie Malusic**, education coordinator

The DFMCH has a long-standing partnership with the Aurora Family Medicine Residency Program, which is located in Milwaukee and sponsored by Aurora Health Care.

The partnership includes an affiliation with the DFMCH's statewide osteopathic collaborative.

In addition, Milwaukee residency program faculty have academic appointments at the DFMCH, and Milwaukee residents have access to DFMCH academic and clinical resources.

Education Highlights

- On Wednesday, May 23, 2018, at the Aurora Conference Center, more than 175 people attended Aurora Scientific Day to support research and quality projects by Aurora Health Care residents, fellows, attending physicians, students, researchers, and other health care professionals. The event offered 24 judged posters, 17 general posters, 15 oral presentations and two Rieselbach distinguished paper sessions. Resident **Sarah Ward, MD**, won the first-ever "Best in Show" for her poster, "Isolation of Cryptococcus-Like Yeast from Natural Environments."
- Faculty member **Jacob Bidwell, MD**, was invited to represent independent academic medical centers and GME perspectives on UME-GME transition on the AMA National Advisory Panel's "Accelerating Change in Medical Education" initiative. The advisory panel will help the AMA share a strategy for a new program in this area through two F2F meetings in Chicago and several conference calls before the end of 2018.
- The Centering Healthcare Institute has accepted a Centering Pregnancy and Parenting Implementation Grant application. Led by faculty member **Anne Getzin, MD**, this initiative will support group prenatal care and group well-child visits at COA-Goldin Center. The formal implementation process began between June and September 2018.

2.2.4.4. WAUKESHA RESIDENCY PROGRAM

FY18 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> 20 residents 	<ul style="list-style-type: none"> Mike Mazzone, MD, program director Lori Goodman, education coordinator

In 2017, the DFMCH formalized an academic partnership with the Waukesha Family Medicine Residency Program, which transitioned from Medical College of Wisconsin (MCW) sponsorship to Aurora Health Care sponsorship.

The program has been in existence since 1976 and is a suburban training site that's ethnically and economically diverse. It maintains academic partnerships with both MCW and the UWSMPH/DFMCH, and also offers a high-volume OB experience and an innovative Majors and Mastery curriculum through which residents can individualize their training and complete an optional surgical OB fellowship, MPH or MBA.

Above: The Waukesha program's first-year residents in FY18, from left: Anjali Best, DO; Jaclyn Hastings, MD; Stephanie Jones, MD; Eric Kuehn, MD; Jessica Miller, MD; Kelsey Bierdeman, MD.

Education Highlights

- First class since DFMCH partnership.** The first class of residents since the program partnered with the DFMCH began in July 2017. Of those six residents, five are interested in practicing obstetrics after graduation.

2.3. FELLOWSHIPS

FY18 KEY FACTS

- 15 fellows in 6 programs:
 - Academic (1)
 - Addiction medicine (2)
 - Complementary and integrative health research (CIHR) (2)
 - Integrative health (3)
 - Primary care research (6)
 - Primary care sports medicine (1)
- Related events include a weekly seminar series and biannual symposia

LEADERSHIP

- **Sarina Schrager, MD, MS**, academic fellowship director
- **Randall Brown, MD, PhD, DFASAM**, addiction medicine fellowship director
- **Bruce Barrett, MD, PhD**, complementary and integrative health research (CIHR) fellowship director
- **Greta Kuphal, MD**, integrative health fellowship director
- **David Rabago, MD**, primary care research fellowship director
- **Kathleen Carr, MD** (with David Bernhardt, MD), primary care sports medicine fellowship director

The DFMCH sponsors several fellowship programs to help family physicians and PhD scientists further meet their career goals. In addition to individual mentoring, the fellowship program sponsors weekly seminars, biannual symposia and additional educational opportunities.

Above, DFMCH faculty and fellows at the December 2017 Fellowship Symposium. From left: Susan Flowers Benton, PhD; Dagoberto Cortez, MS; Bruce Barrett, MD, PhD; Maireni Cruz Jimenez, MD; Emily Torell, MD, MPH; Sarina Schrager, MD; Rachel Sippy, PhD; Greta Kuphal, MD; Parker Hoerz, MD; Ellen Goldstein, PhD; Sean Duffy, MD; David Rabago, MD; Andrew McClintock, MD; Randy Brown, MD; Jared Dubey, DO.

Academic Fellowship

Provides educational and professional experiences to enhance family physicians' teaching, clinical, scholarly, and leadership skills.

Name	Area of Interest
Emily Torell, MD, MPH	Developing a teaching tool for “on-the-fly” teaching in obstetrics for residents working on the OB service

Addiction Medicine Fellowship

Educates physicians who have an interest in becoming board certified in the newly recognized specialty of addiction medicine.

Name	Area of Interest
Maireni Cruz Jimenez, MD	Providing primary care and addiction medicine services, and participating in addiction medicine related research that aims to improve patient care
Michael Rountree, MD	Providing primary care and addiction medicine services to vulnerable patient cohorts within communities

Complementary and Integrative Health Research (CIHR) Fellowship

Educates individuals who are aiming for careers in health science research related to complementary and alternative medicine.

Name	Area of Interest
Dagoberto Cortez, MS	Analyses of doctor-patient interactions and how treatment decisions are made; addressing economic and interactional themes found in CIH
Rachel Sippy, MPH	Analyses of the effect of exercise or mindfulness meditation on the incidence of acute respiratory infection

Integrative Health Fellowship

Creates national and international leaders in integrative health.

Name	Area of Interest
Jared Dubey, DO	Yoga, tai chi, massage, structural integration, chiropractic, and acupuncture.
Parker Hoerz, MD	Energy medicine, manipulative therapies, and mind-body therapies
Mara Motley, MD	Organizing a group visit series focusing on Whole Health and anxiety with a focus on yoga

Primary Care Research Fellowship

Educates primary care physicians and PhD scientists for research-oriented careers related to the organization, delivery, or effectiveness of primary health care and preventive medicine.

Name	Area of Interest
Sean Duffy, MD	Management of chronic disease in low resource settings, particularly the management of diabetes in low- and middle-income countries
Susan Flowers Benton, PhD	Management and control of cardiometabolic risk factors, health self-management, and health promotion as a route to reducing health disparities in aging and memory disorders for African Americans
Ellen Goldstein, PhD	Increasing coping self-efficacy in black primary care patients with Adverse Childhood Experiences (ACE) through a motivation-based intervention
Vernon Grant, PhD	Analyzing strategies to increase physical activity in American Indian populations to decrease obesity and the subsequent development of diabetes
Erin Hammer, MD	Exploring selected topics within primary care sports medicine, including concussion management and issues specific to female athletes
Andrew McClintock, PhD	Investigating the process and outcome of psychological interventions by examining factors that are common across interventions, factors that are relatively specific and unique to interventions, and the way in which these “common” and “specific” factors interact to facilitate client improvement

Primary Care Sports Medicine Fellowship

Educates primary care-educated physicians in the field of sports medicine to become academic leaders in the care of sports-related problems in children, adolescents and adults.

Name	Area of Interest
Todd Domeyer, MD (appointed through Department of Orthopedics)	Sports Medicine, with a focus on injury prevention, sports nutrition, and helping people become and stay active throughout their lives

3. PATIENT CARE

John Hawkins, MD, pictured above, is the medical director of the UW Health Sun Prairie Clinic. (Photo: John Maniaci, UW Health Marketing and Communications)

FY18 KEY FACTS

- 18 statewide clinics: 4 residency clinics; 10 community clinics; 4 regional clinics
- 359,028 total patient visits; 151,410 total patient panel
- 29,511 patient visits at UW Health urgent care sites

LEADERSHIP

- **Sandra Kamnetz, MD**, vice chair for clinical care
- **Kirsten Rindfleisch, MD**, associate vice chair, Madison postgraduate clinical operations
- **Kay Porter, MBA**, director, ambulatory operations
- **Sally Frings, MA, BSN, RN**, director, ambulatory operations
- UW Health clinical operations team

In FY18, our clinicians provided 359,028 total patient visits (151,410 total patient panel) at 18 statewide clinics: four residency clinics, 10 community clinics and four regional clinics.

Our clinicians also provided 29,511 patient visits at UW Health urgent care sites in FY18.

3.1. GENERAL HIGHLIGHTS

Clinical Improvements

Through education, coordination and leadership from medical director-manager dyads, the DFMCH implemented numerous clinical improvements in FY18. Highlights include:

- Creation of a new maternal-child teaching service at UnityPoint Health–Meriter under the leadership of **Jensena Carlson, MD**. On this service, family medicine residents supervised by residency and community faculty provide hospital care for pregnant women and their infants.
- Implementation of a medical assistant-led process to recheck elevated blood pressure measurements in clinic and schedule follow-up visits for patients with persistently elevated measurements. This process was initially developed and piloted at the Odana Atrium clinic under the leadership of **James Bigham, MD, MPH**, **Jennie Hounshell, MD**, and clinic manager **Nicole Smithback**.
- Review of priorities and best practices for cross-coverage of asynchronous patient care work by a working group that included **Matt Swedlund, MD**, and **Julia Lubsen, MD**; **Sarah Redemann, NP**; clinic managers **Sara Johnson** and **Alicia Rizzo**; and colleagues in general internal medicine and pediatrics.
- Development of a standardized workflow for scheduling and completing annual wellness visits for patients with Medicare.
- Launch of refined RN Care Coordination services to align with Population Health core standards, focusing on proactively identifying and serving patients both at risk for unplanned admissions and who would benefit from enhanced care coordination.
- Coordination with the UW Health Welcome Center to enhance the initial scheduling process for new patients, including an exception process for all providers if dropping below 102% of target.
- Inclusion of food insecurity screening for all pediatric patients during well-child check visits.
- Preparation for increase in direct patient care work hours expectations for both advanced practice providers (APPs) and physicians in primary care with the goal of improving access to care for patients.
- Modification and expansion of the primary care pharmacy program initially at Verona, Arboretum, Beaver Dam, Fitchburg, Northeast, Odana Atrium, Oregon, and Wingra.
- Continued work on defined quality metrics: hypertension, diabetes, immunizations ages 0-2, and access.

Dr. Jonathan Temte Receives UW Health Clinical Leadership Excellence Award

Jonathan Temte, MD, PhD, a professor (CHS) in the DFMCH, received the Clinical Leadership Excellence Award at this year's UW Health Physician Excellence Awards ceremony, held June 14, 2018, at the Health Sciences Learning Center.

The award honors outstanding clinicians who demonstrate exceptional leadership skills outside of their home department as well as at an enterprise-wide level.

As a family physician at the Access Community Health Centers Wingra Family Medical Center, Dr. Temte serves one of the most complex and diverse panels of patients in our system with compassion and great care.

He also has \$5.5 million in competitive grants and is the principal investigator on four ongoing influenza studies in which he collaborates with the Wisconsin Department of Public Health and the State Lab of Hygiene. In addition, he was recently appointed by the CDC to serve on the Office of Infectious Diseases Board of Scientific Counselors.

Above, Dr. Jonathan Temte (on right) receives the UW Health Clinical Leadership Excellence Award from UW School of Medicine and Public Health Dean Robert Golden, MD. (Photo: Andy Manis Photo)

Cross Plains Clinic Receives UW Health Patient Experience Award

The UW Health Cross Plains Clinic received a UW Health Patient Experience Award for scoring in the top 10% of clinics for "Staff worked together to care for you," as recognized by patients through survey data. The award recognizes the clinic team for leading by example when it comes to providing a patient- and family- centered care experience.

Davis Award-Winning Belleville Clinic Team Improves Opioid Management

Efforts by a team at UW Health Belleville Family Medicine to ensure that opioid prescribing practices are as safe as possible for their clinic patients earned them a 2017 DFMCH James E. Davis, MD, MS, Quality Improvement Award.

The team created, monitored and updated an internal registry of patients who receive opioids for chronic pain, and empowered nurses and medical assistants to order urine drug screens on behalf of physicians and to communicate prescribing policies with patients.

Belleville Family Medicine team. From left: Vicky Fahey; James Davis, MD, MS; Lisa Goecks; Peggy Soehnlein; Joan O'Connor; David Deci, MD; Jennifer Lochner, MD; Sandra Kamnetz, MD; Valerie Gilchrist, MD. (Photo: Armando Vera)

As a result, they increased the percentage of patients with up-to-date medication agreements from 12.4% to 80%; up-to-date PHQ-9s (a tool used to screen for depression) from 40.4% to 80%; and up-to-date urine drug screens from 15.5% to 76.5%.

UW Health Scores High Rankings for Childhood Immunizations

Thanks to coordinated efforts from teams in Family Medicine and General Pediatrics and Adolescent Medicine, the Immunization Committee, pharmacists, quality experts, Healthlink analysts, data analysts, marketing teams, administrators and support staff, UW Health ranked first in early childhood immunizations, second in HPV immunizations, and fourth in other adolescent immunizations among health systems statewide in calendar 2017.

This achievement highlights our commitment to the children in our care and is an indication of the trust our patients have in the advice we give.

3.2. COMMUNITY CLINIC HIGHLIGHTS*

3.2.1. ARBORETUM CLINIC	
FACTS	
FY18 Patient Visits: 13,429 FY18 Patient Panel: 6,763 Medical Director: Greta Kuphal, MD Clinic Manager: Sara Johnson	
HIGHLIGHTS	
<ul style="list-style-type: none"> Hired two new faculty physicians, Anna Veach, DO, and Vincent Minichiello, MD. Dr. Vincent Minichiello worked with Quartz to cover acupuncture. This is especially helpful to patients with chronic pain in the light of our opioid crisis. In April 2018, UW Health pharmacists began working with the clinic to help manage our patients with hypertension. 	
CLINICIANS	
Angela Clarson, PA-C Jared Dubey, DO (fellow) David Kiefer, MD (July 2017-April 2018) Parker Hoerz, MD (fellow) Greta Kuphal, MD Vincent Minichiello, MD	Mara Motley, MD (fellow) Bobby Nourani, DO Adam Rindfleisch, MPhil, MD Samantha Sharp, MD Anna Veach, DO Michael Weber, MD
3.2.2. CROSS PLAINS CLINIC	
FACTS	
FY18 Patient Visits: 12,262 FY18 Patient Panel: 5,015 Medical Director: David Ringdahl, MD Site Leader: Daniel Jarzemsky, MD Clinic Manager: LuAnn White	
HIGHLIGHTS	
<ul style="list-style-type: none"> Earned the 2017 Patient and Family Experience Team Award for scoring in the top 10% of clinics for "Staff worked together to care for you." Focused on educating patients regarding co-pay collection at the time of their visit. Co-pay collection rate went from 39% to 93%. Implemented a new workflow for annual wellness visits for qualifying Medicare patients and implemented electronic refill requests and protocols. 	
CLINICIANS	
Brian Blindt, PA-C Amy Grelle, MD	Daniel Jarzemsky, MD Pam Olson, MD

*Information about our residency clinics appears with each residency program, in the Education section of this report (Eau Claire/Augusta starting on page 31; Madison [Belleville, Northeast, Verona, and Wingra] starting on page 34).

3.2.3. DEFOREST-WINDSOR CLINIC

FACTS

FY18 Patient Visits: 32,921 | **FY18 Patient Panel:** 14,231
Medical Director: David Ringdahl, MD | **Clinic Manager:** Trina Copus

HIGHLIGHTS

- Continued development in Behavioral Health Collaborative Care to determine best practice in improving access to our patients. Piloting coding and billing practices to ensure program sustainability.
- Served as a pilot clinic for the Hierarchical Condition Category (HCC) gap analysis tool.
- Deforest/Windsor was awarded the Wisconsin Immunization Program’s “BigShot” award. This award was given in recognition of reaching 90% of its pediatric population being up-to-date with their vaccinations according to the 4:3:1:3:3:1:4 schedule for 24-36-month-olds.

CLINICIANS

Sreevalli Atluru, MD (starting September 2017)	Ben Kempfer, PA-C
Jeff Fischer, PA-C	Peter Pickhardt, MD
Robert Gage, MD	David Ringdahl, MD
Jacqueline Gerhart, MD (July 2017-March 2018)	Lisa Simpson, PA-C
Jennie Hounshell, MD	Robyn Titel, MD
Bethany Howlett, MD	

3.2.4. FITCHBURG CLINIC

FACTS

FY18 Patient Visits: 9,567 | **FY18 Patient Panel:** 4,420
Medical Director: Elizabeth Perry, MD | **Clinic Manager:** Jessica Lawler

HIGHLIGHTS

- Welcomed a new Clinic Manager, Jessica Lawler.
- Dr. Katie McCreary will be joining the clinic in February 2019.
- Implemented a new workflow for annual wellness visits for qualifying Medicare patients and implemented electronic refill requests and protocols.

CLINICIANS

3.2.5. MT. HOREB CLINIC

FACTS

FY18 Patient Visits: 12,531 | **FY18 Patient Panel:** 4,866
Medical Director: David Ringdahl, MD | **Site Leader:** Anne Eglash, MD
Clinic Manager: Adrienne Paske

HIGHLIGHTS

- Kori Vander Yacht, NP, joined the clinic.
- Clinic remains up to date on outreaching to patients with hypertension and diabetes, which aids in better patient care and outcomes.
- Implemented a new workflow for annual wellness visits for qualifying Medicare patients and implemented electronic refill requests and protocols.

CLINICIANS

Kari Cataldo, MD
 Anne Eglash, MD

Kyle Miner, MD
 Kory Vander Yacht, NP

3.2.6. ODANA ATRIUM CLINIC

FACTS

FY18 Patient Visits: 34,895 | **FY18 Patient Panel:** 15,170
Medical Director: Jeff Huebner, MD | **Clinic Manager:** Nicole Smithback

HIGHLIGHTS

- Recruited three new physicians who graduated from the DFMCH residency program (Jonathan Takahashi, MD, who started July 1, 2017; Eric Phillippi, MD, who started December 2017; and Michele Malloy, MD, who will start July 1, 2018). Recruited Abigael Murphy, APP, who will start in September 2018.
- Integrated an ambulatory pharmacist into the clinic team in December 2017.
- Served as a pilot clinic for primary care hypertension follow-up workflows and E-check-in.

CLINICIANS

James Bigham, MD
 Claire Gervais, MD
 Bridget Halbersma, NP
 Allison Hotujec, MD
 Derek Hubbard, MD
 Jeff Huebner, MD
 Catherine James, MD
 Anne Kolan, MD

 Eric Phillippi, MD (starting December 2017)
 Sarah Redemann, NP
 Jennifer Somers, MD (July 2017-May 2018)
 Abigail Studinger, PA-C
 Jonathan Takahashi, MD
 Mary Thompson, MD
 Nancy Williams, NP-C (July 2017-March 2018)

3.2.7. OREGON CLINIC

FACTS

FY18 Patient Visits: 12,536 | **FY18 Patient Panel:** 5,653

Medical Director: William Heifner, MD | **Clinic Manager:** Jessica Lawler

HIGHLIGHTS

- Welcomed a new Clinic Manager, Jessica Lawler.
- Implemented a new workflow for annual wellness visits for qualifying Medicare patients.
- Implemented electronic refill requests and protocols.

CLINICIANS

Sanee Bonnell, MD
Troy Doetch, MD

Beatriz Folcik, PA-C
William Heifner, MD

3.2.8. STOUGHTON CLINIC

FACTS

FY18 Patient Visits: 1,108 | **FY18 Patient Panel:** 2,069

Medical Director: Sandra Kamnetz, MD | **Clinic Manager:** Gina Glinski

HIGHLIGHTS

The Family Medicine clinic at the UW Health Stoughton Clinic closed on January 1, 2018.

CLINICIANS

George Gay, MD (July 2017-December 2017)
Danalynn Rayner, MD (July 2017-September 2017)

3.2.9. SUN PRAIRIE CLINIC

FACTS

FY18 Patient Visits: 29,298 | **FY18 Patient Panel:** 12,861
Medical Director: John Hawkins, MD | **Clinic Manager:** Karen Jiles

HIGHLIGHTS

- Welcomed a new physician, Trisha McCormick, DO.
- Served as one of four community clinics to begin providing handheld ultrasound services onsite for OB patients.
- Implemented new patient scheduling representative call handling process and guidelines; these are resulting in early gains in improved call handling, appointment utilization, and improved access.

CLINICIANS

Paige Albi, PA-C
 Jacob Bryan, MD
 Lesley Coert, MD
 John Hawkins, MD
 Monica Harms, NP

Laurie Kuhn, MD
 Wendy Molaska, MD (July 2017-November 2017)
 Trisha McCormick, DO (May 2018-present)
 David Queoff, MD
 Sarah Westby, PA-C

3.2.10. YAHARA CLINIC

FACTS

FY18 Patient Visits: 33,186 | **FY18 Patient Panel:** 15,042
Medical Director: Matthew Swedlund, MD | **Clinic Manager:** Stephanie Carney

HIGHLIGHTS

- OB providers at the clinic began using handheld ultrasounds and performing NSTs (non stress tests), which are used to monitor the baby's heartbeat.
- Dr. Alison Miller is now providing Suboxone® treatment.
- The clinic is in the initial phase of an access project where we are focusing on creating care teams in order to better serve our patients.

CLINICIANS

3.3. REGIONAL CLINIC HIGHLIGHTS

3.3.1. BEAVER DAM CLINIC	
FACTS	
FY18 Patient Visits: 17,218 FY18 Patient Panel: 9,605 Medical Director: Sandra Kamnetz, MD Site Leader: Seth Barudin, MD Clinic Manager: Dawn Lunde	
HIGHLIGHTS	
<ul style="list-style-type: none"> Two new providers joined the clinic: Emily Peterson, MD, who performs OB, and Jill Haase, PA-C. The clinic was one of five UW Health clinics to receive the Wisconsin Immunization Big Shot Award for high childhood immunization rates. Improved second blood pressures measuring, which is consistently meeting organizational goals of 95 percent. 	
CLINICIANS	
Seth Barudin, MD Jill Haase, PA-C Jennifer Klueger, PA-C John Lambert, DO	Namrata Magar, MD Paul McMillan, MD Emily Peterson, MD
3.3.2. COTTAGE GROVE CLINIC	
FACTS	
FY18 Patient Visits: 12,052 FY18 Patient Panel: 5,020 Medical Director: Sandra Kamnetz, MD Site Leader: Christa Pittner-Smith, MD Clinic Manager: Lea Veltum	
HIGHLIGHTS	
<ul style="list-style-type: none"> Leann Greuel, PA-C joined the clinic in August 2017. Wendy Molaska, MD, joined the clinic in April 2018, adding additional OB coverage for the clinic as well as an open family practice panel. The clinic is participating in a QI project for additional access and no-shows to help improve rates and ability to schedule patients. 	
CLINICIANS	
Louis Falligant, PA-C Leann Greuel, PA-C (August 2017-present) Edward Kramper, MD	Wendy Molaska, MD (April 2018-present) Anne Niebler, MD Christa Pittner-Smith, MD

3.3.3. FORT ATKINSON CLINIC

FACTS

FY18 Patient Visits: 14,165 | **FY18 Patient Panel:** 6,914
Medical Director: Sandra Kamnetz, MD | **Site Leader:** Shauna Meyer, MD
Clinic Manager: Lynette Alvarado

HIGHLIGHTS

- Implemented the Reach Out and Read Program.
- Served as a clinical site for a medical administrative specialist program student, two medical assistant students, four job shadows, four Phase 1 students and one Primary Care Clerkship student.
- Implemented efforts to support cross coverage of clinics with medical assistants and RNs virtually by utilizing HealthLink (Epic) workflows and communication.

CLINICIANS

Scott Brantmeier, DO	Shauna Meyer, MD
Breah Klemp, PA-C, LAT	Rachel Quinn, MD
Jeffrey McGuire, MD	

3.3.4. PORTAGE CLINIC

FACTS

FY18 Patient Visits: 12,513 | **FY18 Patient Panel:** 5,077
Medical Director: Sandra Kamnetz, MD | **Site Leader:** Jamie Kling, DO
Clinic Manager: Lea Veltum

HIGHLIGHTS

- Brie Strook, NP, joined the clinic.
- Timothy Deering, MD, joined the clinic, adding a new open panel for family practice.
- Completed all remodeling for specialty joining clinic and adding family practice providers.

CLINICIANS

Timothy Deering, MD	Brie Strook, NP
Jamie Kling, DO	Joseph Wangerin, PA-C
Hema Patel, MD	

4. COMMUNITY HEALTH

Office of Community Health Director Jennifer Edgoose, MD, MPH, talks with residents of the Dryden Terrace apartment complex as part of an ongoing hotspotting collaborative.

FY18 KEY FACTS

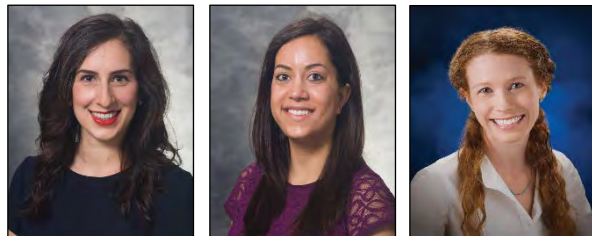

- Supports education, research, clinical service and outreach projects that promote and enhance community health.

LEADERSHIP

- **Jennifer Edgoose, MD, MPH**, director

Because over 80 percent of what contributes to health happens outside of a doctor's office, the UW Department of Family Medicine and Community Health promotes and enhances community health-related efforts in education, research and patient care.

We promote healthy communities where everyone can thrive—for generations.

Above, from left: Madison residents Allison Couture, DO, and Tina Ozbeki, MD, and Wausau resident Caitlin Harris, DO, received DFMCH McGovern-Tracy awards for projects supporting community health.

Dr. Couture led community cooking classes for children and families; Dr. Ozbeki wrote a health column in the community newspaper; and Dr. Harris launched a community health coalition to better serve patients who may be high utilizers of the health care system.

4.1. GENERAL HIGHLIGHTS

The Office of Community Health (OCH) was established in 2015 to promote and enhance community health-related efforts in education, research and clinical services within the DFMCH.

In FY18, the OCH was in a transition period, with a new director and a search for an associate director and health services researcher. The focus of the office has been to reassess, realign and move forward. The OCH will be forming an advisory committee to help with future projects and to maximize the impact the OCH can have on communities in Wisconsin.

Conference Sponsorship

The OCH sponsors community health conferences that address health equity and promote care for underserved populations. In FY18, the OCH co-sponsored the YWCA Racial Justice Summit, African American Health Network Health Fair, and the UW-Madison Indigenous Health and Wellness Day.

Diversity, Equity and Inclusion Committee

The DFMCH's Diversity, Equity and Inclusion committee (fammed.wisc.edu/about/diversity) continued work on issues of health equity, diversity and inclusion for DFMCH faculty, staff, learners and patients and has members representing all mission areas of the department.

Above, the DFMCH's Diversity, Equity and Inclusion committee (L-R): Bethany Howlett, MD; Ann Schensky; Trina Copus; Jennifer Edgoose, MD, MPH (chair); Joanne Looze; Donna Nett Pomrening (patient advocate); Bri Deyo, MPH. **Not pictured:** Shiva Bidar-Sielaff, MA; Thomas Hahn, MD; Ronni Hayon, MD; Kirsten Rindfleisch, MD; Manuel Santiago; Kartik Sidhar, MD.

Education

The OCH supports educational opportunities for faculty, residents, students and staff. This includes support of the DFMCH residency program community and population health rotation, which includes a longitudinal health equity and structural racism series.

Research

The OCH continued as an affiliate of the UW Institute for Clinical and Translation Research Community-Academic Partnership (ICTR-CAP). This partnership will help grow relationships with UW partners engaged in community health research and facilitate collaboration and funding opportunities for future departmental initiatives.

Community Partnerships and Projects

DFMCH faculty, staff and residents continued our history of community collaboration. Specific community projects in FY18 included:

- Lake View Wellness Day, a partnership between the UW Health Northeast Family Medical Center and Lake View Elementary School. Programming has included an annual Wellness Day at the school supported by Northeast faculty, residents, staff and friends; five PTO evening events, each supported by a cross-sectional clinical team; and a health professional pipeline/pathway afterschool educational series, supported by a grant from the Wisconsin Medical Society.
- The Hotspotting Collaborative, a partnership between faculty and residents at the UW Health Northeast Family Medical Center, the Dryden Terrace apartment complex on Madison's northeast side, Madison Fire Department (MFD) and Public Health Madison and Dane County. Through this partnership, MFD paramedics and DFMCH faculty visit Dryden Terrace to check residents' blood pressure, discuss health concerns or respond to requests for home safety evaluations. During a shared lunch, **Jennifer Edgoose, MD, MPH**, DFMCH residents and Northeast staff also offer health and wellness educational programming for people living at Dryden Terrace.
- The Resource Navigator Program is a partnership between the Access Community Health Centers Wingra Family Medical Center, the UW Health Northeast Family Medical Center, and the UW Center for Patient Partnerships. It trains UW-Madison undergraduate students to screen patients regarding social determinants of health and provide needed services, including medical-legal support.
- The 2020 Project at the UW Health Verona Clinic has led to a variety of strategies and partnerships to combat obesity: group classes that include a nutritionist from a local grocery store and access to a fitness center; partnership with the Badger Prairie Needs Network community kitchen; introduction of a program called ChopChop to promote healthy cooking classes for children; and a clinic community garden that has produced over 2000 pounds of fresh produce for patients.

DFMCH FACULTY PLAY KEY ROLE IN MILWAUKEE HEALTH DEPARTMENT

The DFMCH and the Milwaukee Health Department (MHD) have a unique partnership in which DFMCH faculty provide public health and community services to Wisconsin's largest local health department.

DFMCH Professor **Geoffrey Swain, MD, MPH**, is the medical director and chief medical officer at the MHD, and a scientist at the Center for Urban Population Health (CUPH). He also teaches in the University of Wisconsin School of Medicine and Public Health's Master of Public Health program and the Wisconsin Partnership Program-funded UW Population Health Service Fellowship Program.

Geoffrey Swain, MD, MPH

DFMCH Associate Professor **Paul Hunter, MD**, is the associate medical director at the MHD, and a scientist at CUPH. Dr. Hunter also teaches medical students and residents in Milwaukee, and is the fourth-year preceptorship director. He also serves on the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices.

Paul Hunter, MD

5. RESEARCH

The DFMCH research committee (see bottom of page for members)

FY18 KEY FACTS

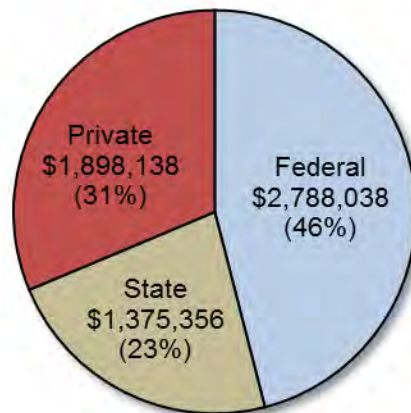

- \$6.1 million in grant awards
- 44 grants submitted
- 18 funded external grants
- 14 funded internal and collaborative grants

LEADERSHIP

- **Larry Hanrahan, PhD, MS**, research director
- **Lisa Sampson, MBA**, research manager
- **Jodi Rodefeld, BBA** grants manager

The UW Department of Family Medicine and Community Health has a robust family medicine research program. With \$6.1 million in grant awards in FY18 (see chart at right), our investigators aim to transform family medicine through inquiry, discovery, and implementation.

FY18 RESEARCH GRANT FUNDING SOURCES

Pictured above, members of the DFMCH research committee.
Standing, left to right: Larry Hanrahan, PhD, MS; Irene Hamrick, MD; Lisa Sampson, MBA; Jodi Rodefeld; John Beasley, MD; Jonathan Temte, MD, PhD; David Rabago, MD; Bruce Barrett, MD, PhD; Andrew Quanbeck, PhD; Randall Brown, MD, PhD, DFASAM. **Sitting, left to right:** Laura Cruz; Marlon Mundt, PhD; Aleksandra Zgierska, MD, PhD.

5.1. GENERAL HIGHLIGHTS

- **Grant funding.** In FY18, DFMCH investigators received approximately \$6.1 million in grant awards, including 18 new awards from external funding sources and 14 from internal funding sources. The DFMCH ranks 14th in National Institutes of Health funding among departments of family medicine in U.S. medical schools.
- **Publications and presentations.** DFMCH faculty, learners and staff had 208 publications, including peer-reviewed papers, electronic publications, abstracts, books, book chapters, editorials and commentaries in 2017. That year, through 221 state, national and international presentations, they also promoted the discovery and dissemination of knowledge important to teaching, clinical practice and the organization of health care.

PROJECT HIGHLIGHTS

The DFMCH welcomed **Caroline Miller** as Director of Wisconsin Voices for Recovery. Wisconsin Voices for Recovery is Wisconsin's only statewide peer-run recovery network currently supported by the Wisconsin Department of Health Services, Division of Care and Treatment Services. It seeks to bring together people in and seeking recovery, their family members, professionals, and allies.

A coaching program led by DFMCH faculty **Randall Brown, MD, PhD, DFASAM**; **Aleksandra Zgierska, MD, PhD**; and **Andrew Quanbeck, PhD**; helped family physicians in four UW Health clinics better follow opioid prescribing guidelines. This resulted in an 11 percent reduction in opioid doses in those clinics and primary care, and is part of an effort to improve our understanding of opioid misuse and the development of addiction in the context of traumatic injury and pain management.

NEW FACULTY AND STAFF

The DFMCH welcomed **Edmond Ramly, PhD**, a health systems engineer, as an assistant professor. His work focuses on designing best practices for ambulatory care that balance standardization and local adaptations. Recently, he worked closely with Dr. Christie Bartels to implement work system redesign for hypertension protocols.

The DFMCH welcomed **Lisa Sampson, MBA**, as its research program manager. Lisa provides administrative leadership to the DFMCH research enterprise and the Wisconsin Research and Education Network (WREN). She provides administrative research and grant management support, as well as oversight and leadership to assure greater integration among DFMCH research programs.

5.2. GRANTS

5.2.1. EXTERNALLY FUNDED PROJECTS

Principal Investigator	Grant Title	Funding Source	Amount
Karina Atwell, MD	Prescription Drug Overdose Prevention: Opioid Stewardship in Wisconsin	WI DHS	\$4,595

PI: Ryan Westergaard, MD, PhD, MPH DFMCH Co-investigators: Randall Brown, MD, PhD, DFASAM; Andrew Quanbeck, PhD; Marlon Mundt, PhD	Community-Based, Client-Centered Prevention Homes To Address the Rural Opioid Epidemic	NIH	\$599,237
PI: Audrey Tluczek, PhD, RN, FAAN DFMCH Co-investigator Rachel Grob, PhD	Parent and Family Experience of Cystic Fibrosis Care: Qualitative Content Analysis	Cystic Fibrosis Foundation	\$111,709

5.2.4. DFMCH SMALL GRANTS

The DFMCH small grant program provides support to faculty, residents and staff to pursue scholarly interests in order to contribute to the academic culture of the department and develop their own career consistent with the mission and goals of the DFMCH. Projects are expected to lead to the development of presentations, extramural grants, and publications in peer-reviewed journals.

Principal Investigator	Grant Title
Randall Brown, MD, PhD, DFASAM	Psilocybin and Mystical Experience To Enhance Recovery From Opioid Addiction: A Dosing/Safety Study
Anne Eglash, MD	Evaluation of Vitamins, Minerals, and Fatty Acid Composition of Fresh Human Milk And Human Milk Stored For Different Lengths of Time at Milk Banks
Jacqueline Gerhart, MD	Point of Care Ultrasound in Family Medicine: Creating A National Curriculum and a UW SMPH Ultrasound Program
Maureen Goss, MD	iKABOB (Influenza Knowledge, Attitudes and Beliefs in Oregon and Brooklyn)
Andrew McClintock, PhD	Brief Mindfulness-Based Intervention for Opioid-Treated Chronic Pain: A Pilot Randomized Clinical Trial
Vincent Minichiello, MD	Expansion of a 10-Hour Introduction to Mindful Awareness for Resident Physicians Curriculum Across Multiple Residency Programs

5.2.5. DFMCH INNOVATION FUNDS

The DFMCH Innovation Fund is designed to provide support to faculty, residents, fellows and staff to test innovations to create new systems, methods, and processes that improve clinical care, education, administration, or research.

Principal Investigator	Grant Title
Thomas Hahn, MD, and Emily Ramharter, MD	DynaMed Plus: Bringing Back a Point of Care Resource
Ronni Hayon, MD	Adolescent Champion Project Implementation

5.3. WISCONSIN RESEARCH AND EDUCATION NETWORK

The WREN team (see bottom of page for members)

FY18 KEY FACTS

- Over 1200 clinicians, staff and trainees engaged
- 15 active research projects, including intra- and inter-state projects
- Nearly 500 clinicians and clinic staff

LEADERSHIP

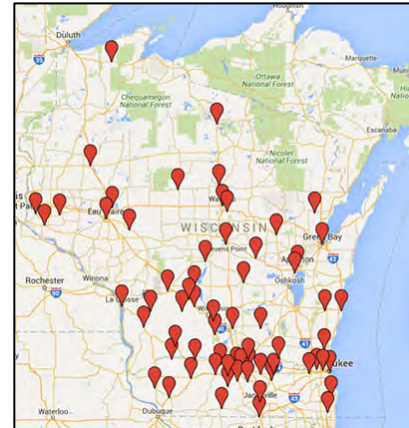

- **David Hahn, MD, MS**, director
- **Lisa Sampson, MBA**, program manager

The Wisconsin Research and Education Network (WREN) is a statewide practice-based research network (PBRN) of primary care clinicians and academic researchers. Its vision is to improve health outcomes for the people of Wisconsin and beyond as a model practice-based research network. Its mission is to promote and conduct primary care research and education in partnership with primary care clinicians and the communities they serve.

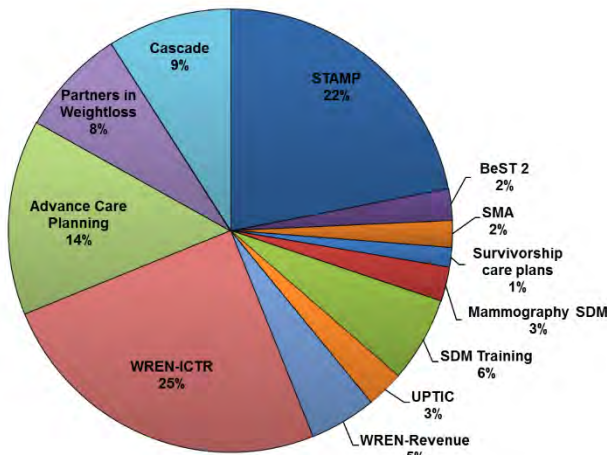

Pictured above, the WREN team. Standing, left to right: Alice Yuroff, PhD; Amanda Hoffman, MPH; Lisa Sampson, MBA; Denise Grossman; Deanne Boss, MS. Sitting, left to right: Cassandra Sundaram, MS; Alyssa Turnquist; David Hahn, MD, MS; Lindsey Peterson, MS, CRC; Dominic Dharam, MPH. (Photo: Armando Vera)

Highlights

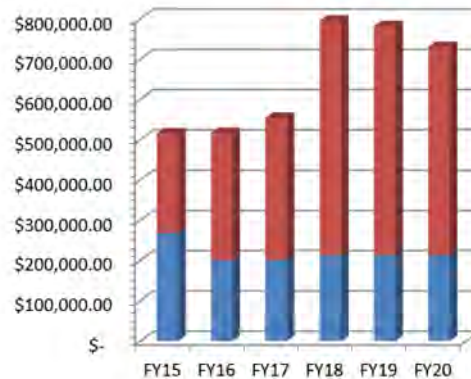

- Sustainability.** WREN has been in continuous operation since 1987, making it one of the oldest PBRNs in the country.
- Engagement.** WREN disseminates practical and research information to more than 1200 individuals, including clinicians, researchers and staff across the state of Wisconsin and beyond.
- Statewide research.** During FY18, WREN was engaged in 13 clinical and practice improvement research projects. Topics included shared decision-making, health literacy training for elderly caregivers, opioid use in chronic pain, opioid addiction, advance care planning, cancer survivorship care planning, and the workload of clinic teams.
- Increased funding.** WREN has continued to attract high-quality, high-caliber projects supported by federal and local funding, including private foundations.

WREN Clinics

WREN Revenue by Project

ICTR vs Grant Funding
 *ICTR funding not guaranteed
 *Projections based on constant award amount

BeST 2					
BCare (Mammography SDM)					
CASCADE					
Chronic Pain					
Diabetes Survey					
SDM LC/BC Training					
Spinal Muscular Atrophy					
STAMP (MM vs CBT)					
Survivorship Care Plans					
UPTIC (PRA-3)					
Partners in Weight loss					

WREN Project Timelines

- WREN 2017 Convocation of Practices:**
 On Friday, July 14, 2017, nearly 75 people engaged in collective learning for WREN’s 2017 Convocation of Practices: *Leading the Way to Excellence in Patient-Centered Communication*.

Dr. John Beasley, WREN’s founding father, shares his wisdom with convocation attendees.

The beautiful location—the UW Arboretum in Madison—served as an appropriate backdrop for learning about incorporating a patient’s health goals into their care, turning the question of “What’s the matter?” to “What matters to you?”; understanding how to effectively coach patients with chronic conditions through the self-management support framework; and key elements of shared decision making conversations.

- WREN study results in the news.** “Cough Drops: Cause for Concern?,” a patient survey-based study, was initiated by WREN associate Dr. Robert Mead of Bellin Health in Green Bay, Wisconsin. Dr. Mead made clinical observations suggesting that cough drops containing menthol may actually prolong and/or worsen some coughs.

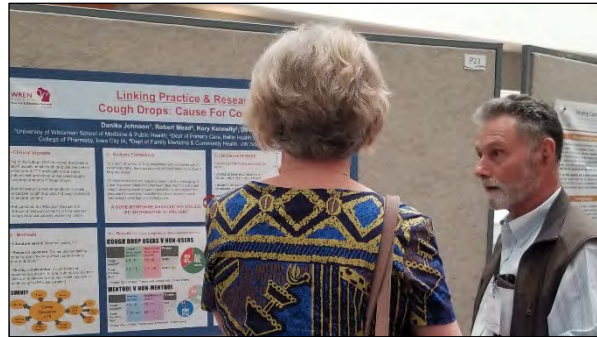

The goal of the study was to understand how many people with an acute cough use cough drops or throat lozenges, and whether menthol-containing products, compared to non-menthol products, are associated with cough severity.

Study results captured the interest of local media: the Wisconsin State Journal published an article, “Too Many Cough Drops Might Make Coughs Worse,” and WISC-TV Channel 3 interviewed study PI Dr. David Hahn for a story, “Can Too Many Cough Drops Make Cough Worse?”

Results were also published in the March-April 2018 issue of the *Journal of the American Board of Family Medicine*: “Menthol Cough Drops: Cause for Concern?” Healio Family Medicine published an online version, “Menthol Cough Drops May Worsen Cough.”

A poster, “Linking Practice & Research; Cough Drops: Cause for Concern?” was presented at the 2018 North American Primary Care Research Group (NAPCRG)

Practice-based Research Network Conference in Bethesda, Maryland, and at the 2017 North American Primary Care Research Group (NAPCRG) Conference in Montreal, Canada.

Dr. David Hahn presented the poster “Linking Practice & Research; Cough Drops: Cause for Concern?” at the NAPCRG PBRN Conference.

6. ADMINISTRATION

FY18 KEY FACTS

- FY18 revenue: \$101,377,191
(\$101,263,586 without philanthropic donations)

LEADERSHIP

- **Linda Haskins, MBA**, administrator

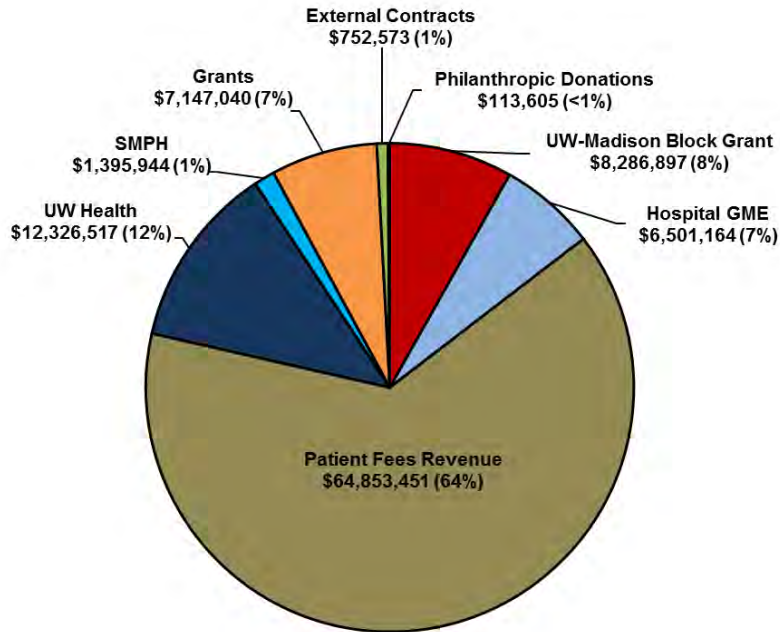

The UW Department of Family Medicine and Community Health’s administrative team provides a variety of services for faculty, staff, and physicians in training. Service areas include finance and accounting, human resources, information technology, clinical care, education, and research.

Members:

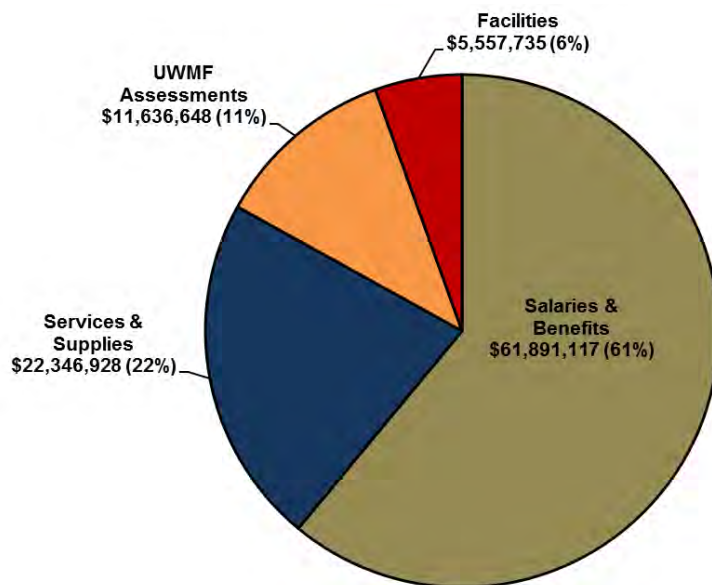

- *Linda Haskins, MBA, Administrator*
- *Michelle Justice, SMPH Human Resources Manager*
- *Justin Knupp, MBA, Director, Information Technology Services*
- *Michelle Riley, Director, Reimbursement Services, Billing and Physician Compensation*
- *Lisa Sampson, MBA, Research Program Manager*
- *Barbara Stransky, CPA, Chief Financial Officer*

6.1. FINANCIALS

FY18 REVENUE: \$101,377,191 (\$101,263,586 without philanthropic donations)

FY18 EXPENSES: \$101,432,427

6.2. DONOR RECOGNITION

DR. MARTIN AND CHARLOTTE GALLAGHER MAKE NEW DONATION TO PROLOTHERAPY SCHOLARSHIP

The DFMCH is grateful to Dr. Martin and Charlotte Gallagher for their new donation to the Dr. Martin and Charlotte Gallagher Scholarship for Prolotherapy.

Their support enables the DFMCH to educate more UW residents and fellows on prolotherapy through participation in the Hackett Hemwall Patterson Foundation conference and service-learning trip to Honduras.

The donation also allows the DFMCH, under the leadership of Associate Professor **David Rabago, MD**, to expand much-needed efforts in prolotherapy research.

For more information, visit: <https://go.wisc.edu/19tbr6>.

Above: David Rabago, MD, and colleague Michael Weber, MD, perform prolotherapy in Honduras.

DFMCH RECEIVES GIFT TO IMPROVE GERIATRICS EDUCATION, NURSING HOME CARE

A new gift to the DFMCH will act as a planning grant to expand education in geriatric care, paving the way for improvements in nursing home care delivery and addressing the critical shortage of geriatric providers at all professional levels.

Through seed funding from an anonymous donor, DFMCH Professor and Geriatric Services Director **Irene Hamrick, MD**, has expanded a library of online videos that provides free professional education on best practices in geriatrics care.

For more information, visit: <https://go.wisc.edu/i56755>.

Above: Irene Hamrick, MD (center), with learners at the Capitol Lakes teaching nursing home. (Photo: Brett Stepanik)

THANK YOU TO ALL OUR DONORS

We are deeply grateful to the individuals and organizations below who made philanthropic donations to our department in FY18. Thank you for your contributions!

Robert J. Bartz	Teresa I. and Mark S. Kulie
Kathleen E. Carr Borseth and Adam B. Borseth	Kenneth P. Kushner and Erica R. Serlin
Neil F. Cox and Clare McNamara	David P. and Hilda W. Kuter
Tami Ellinport	Mark E. Linzer
Louis E. Fogel	Brian E. and Susan D. Lochen
Martin P. and Charlotte A. Gallagher	Madison Community Foundation
Claire M. Gervais and David M. Blouin	Morton and Rosaly G. Meltzer
Artin Gevorkian	Tommy Randolph
Valerie J. Gilchrist and William B. Scott	Brad and Peggy S. Reinders
Hackett-Hemwall Foundation Inc.	William R. and Pamela S. Scheibel
Marite Hagman	William E. Schwab and Leslie N. Grant
Thomas W. Hahn	Alan I. and Laurie L. Schwartzstein
Linda K. Haskins and Kurt Waldmer	Milton H. Seifert
Richard C. and Ellen Holden	Ruth S. Tsotsis
John R. and Dianne J. Hron	Martin M. and Kathryn A. Urberg
Colin Jones	Patricia Veale
Sandra A. and Frederick R. Kamnetz	Vogel Foundation Inc.
Yehuda and Sari F. Karsh	John C. and Gay L. Yost
Frederick P. Kessler

7. SPECIAL EVENTS

From left: DFMCH Chair Valerie Gilchrist, MD; Marc Hansen, MD; Hansen Lecturer Jennifer Lochner, MD

FY18 KEY FACTS

- **September 2017:** Farley visiting professor Nick Turkal, MD
- **November 2017:** Renner/Hansen award ceremony
- **May 2018:** McGovern-Tracy scholars award ceremony

Each year, our special events bring together faculty, staff, learners, friends, and guests.

Above: Andrew Quanbeck, PhD; Marlon Mundt, PhD; Edmond Ramly, PhD

Far left: Jonathan Temte, MD, PhD, and Joyce Jeardeau

Near left: Jeff Huebner, ND; Kay Porter, MBA; David Ringdahl, MD

Photos this section: Armando Vera

7.1. EUGENE FARLEY VISITING PROFESSORSHIP

Honors Eugene and Linda Farley and their contributions to the DFMCH and the discipline of family medicine. Its purpose is to stimulate ideas and discussion through visits by family physicians whose area of interest is in the humanistic aspects of medicine, medical ethics, social consciousness, philosophy of family medicine, healthcare reform, generalist education or cross-cultural concerns.

The DFMCH welcomed Nick Turkal, MD, as its 2017 Eugene Farley Visiting Professor during its annual Farley/Frey reception, held September 13, 2017, at the Pyle Center in Madison.

In his presentation, “Beyond the Walls of Traditional Care: How Innovation, New Care Models and Community Collaborations Are Changing the Way We Work,” he recalled how Eugene Farley, MD, and Linda Farley, MD, influenced him early in his career—and shared examples of trends in health care that signify new ways of working and caring for patients.

Dr. Turkal is the president and chief executive officer of Aurora Health Care in Milwaukee, Wisconsin. He is also a family physician, a former residency program director at the Aurora St. Luke’s family medicine residency program and a clinical adjunct professor at the DFMCH.

2017 Farley Visiting Professor Nick Turkal, MD (center), with DFMCH Chair Valerie Gilchrist, MD, and Emeritus Professor John Frey, MD

John Frey Writing Awards

Honors John Frey III, MD, past chairman of the DFMCH, and presented at the Farley Lecture. Recognizes individuals in the department for creative writing contributions, and encourages creation and enjoyment of such writing.

Prose winners:

- Getting Drunk on Kefir and Other Ridiculous Ideas (Cassandra Sundaram)
- Picture Book Bandhs (Maureen Landsverk)
- Review: The Image of Blacks (Susan Golz)

Poetry winners:

- History and physical (Jonathan Temte, MD, PhD)
- Hospital Haircut (Elizabeth Perry, MD)
- II Corinthians 9:12 (Ildi Martonffy, MD)

7.2. RENNER/HANSEN AWARD CEREMONY

The DFMCH hosted the 2017 Renner/Hansen Award ceremony November 8, 2017, at the Pyle Center in Madison.

Marc Hansen Lectureship Award

Honors a DFMCH junior faculty member who has contributed to the education of students and residents or made a scholarly contribution to the academic discipline of family medicine.

WINNER: Jennifer Lochner, MD (assistant professor [CHS])

From left: Valerie Gilchrist, MD; Marc Hansen, MD; and Hansen Lecturer Jennifer Lochner, MD

John H. Renner “Wisconsin Idea” Award

Honors a Wisconsin citizen or organization who has demonstrated exemplary commitment to family medicine and the health needs of the people of the state.

WINNER: Dennis Baumgardner, MD (DFMCH clinical adjunct professor; faculty member, Aurora St. Luke’s family medicine residency program; medical director for research, Aurora-UW Medical Group; Institutional Official, Research Subject Protection Program, Aurora Health Care; associate director, Center for Urban Population Health; editor-in-chief, *Journal of Patient-Centered Research and Reviews*)

From left: Renner Award winner Dennis Baumgardner, MD, and Valerie Gilchrist, MD

DFMCH Faculty Excellence Award

Recognizes faculty for excellent performance and service to the mission of the department.

WINNER: John Hawkins, MD (clinical associate professor)

DFMCH Faculty Excellence Award winner John Hawkins, MD, with Sandra Kamnetz, MD

Robert Drachenberg Staff Excellence Awards

Recognizes staff for excellent performance and service to the mission of the department.

WINNERS: Michelle Riley (Assistant Director, Reimbursement Services, Billing and Physician Compensation); the ORCHARDS surveillance team

Robert Drachenberg Staff Excellence Award winners.

Top, Michelle Riley with Valerie Gilchrist, MD

Bottom, the ORCHARDS surveillance team, from left: Maureen Landsverk; Lily Comp; Mary Checovich; Jonathan Temte, MD, PhD; Emily Temte; Cristalyne Bell; Shari Barlow (not pictured, Brad Maerz and Amber Schemmel).

James E. Davis Award for Quality Improvement

Recognizes and honors outstanding quality improvement projects.

WINNER: UW Health Belleville Family Medicine clinic staff

The UW Health Belleville Family Medicine clinic team, who received the James E. Davis, MD, MS, Quality Improvement Award

The William E. Scheckler Awards

Recognizes a faculty or staff member for the best paper published in a peer-reviewed journal in the previous calendar year.

WINNERS: Marlon Mundt, PhD, assistant professor (outstanding research publication, faculty or staff); Rachel Sippy, MPH, complementary and integrative health research (CIHR) fellow (outstanding research publication, medical student, resident or fellow)

William E. Scheckler, MD, Outstanding Research Publication Award winner Marlon Mundt, PhD, with Larry Hanrahan, PhD, MS

Chair's Award

Recognizes leadership and service to the department.

WINNER: Jeffrey Grossman, MD, the recently retired CEO of UW Health and associate dean of clinical affairs at the University of Wisconsin School of Medicine and Public Health

Valerie Gilchrist, MD, with Chair's Award winner Jeffrey Grossman, MD

REMEMBRANCE AND ACKNOWLEDGEMENT OF SERVICE

At the 2017 Renner/Hansen award ceremony, DFMCH residency program founder Marc Hansen, MD, honored Diana Renner—the wife of inaugural DFMCH Chair John Renner, MD—who died this year. Dr. Hansen reflected on Diana's important role in the early days of the department.

DFMCH Chair Valerie Gilchrist, MD, also acknowledged the retirement service of three long-time DFMCH faculty members: Stanley Livingston, MD; Patrick McBride, MD; and Douglas Smith, MD.

At right: DFMCH residency program founder Marc Hansen, MD, honors Diana Renner.

7.3. MCGOVERN-TRACY AND SCHOLARS AWARD CEREMONY

The DFMCH held its annual McGovern-Tracy and Scholars award ceremony on May 2, 2018, at the Monona Terrace Community and Convention Center.

William Schwab, MD, served as the event's master of ceremonies, and DFMCH Assistant Professor Nancy Pandhi, MD, PhD, MPH, delivered the event's keynote address.

McGovern-Tracy Scholarship Winners

The McGovern-Tracy Scholars program honors medical students or family medicine residents who exemplify outstanding community service, outreach, and leadership. It also honors Michele Tracy, a second-year University of Wisconsin School of Medicine and Public Health student who was killed while participating in an educational service program in Malawi, Africa, in July 1999.

8. CLINICAL ADJUNCT FACULTY

As part of the University of Wisconsin School of Medicine and Public Health, the DFMCH requires preceptorships and other hands-on clinical experiences for students and residents.

The DFMCH is deeply grateful to the 339 statewide clinical adjunct faculty and preceptors who provide much of that critical teaching in communities statewide. We thank them for their continued dedication and commitment.

9. PUBLICATIONS

Congratulations to the DFMCH faculty, learners and staff who made contributions to the academic discipline of family medicine last year.

The list below includes publications, electronic publications, abstracts, books, book chapters, editorials, and commentaries from January 1, 2017, through December 31, 2017.

1. **Adams A**, Williamson A, Sorkness C, Hatfield P, Eggen A, et al. The Steps Model: a practical tool for engaging communities to improve health outcomes. *Academic Medicine*. 2017 Jun;92(6):890.
2. Guthrie S, Krapels J, **Adams A**, Alberti P, Bonham A, et al. Assessing and communicating the value of biomedical research: results from a pilot study. *Academic Medicine*. 2017 Oct;92(10):1456-1463.
3. Butler J, Fryer CS, Ward E, Westaby K, **Adams AK**, et al. The Health Equity Leadership Institute (HELI): developing workforce capacity for health disparities research. *Journal of Clinical and Translational Science*. 2017 Jun;1(3):153-159.
4. Deen JF, **Adams AK**, Fretts A, Jolly S, Navas-Acien A, et al. Cardiovascular disease in American Indian and Alaska Native youth: unique risk factors and areas of scholarly need. *Journal of the American Heart Association*. 2017 Oct 24;6(10).
5. **Arndt BG**, **Beasley JW**, Watkinson MD, **Temte JL**, **Tuan WJ**, Sinsky CA, **Gilchrist VJ**. Tethered to the EHR: primary care physician workload assessment using EHR event log data and time-motion observations. *Annals of Family Medicine*. 2017 Sep;15(5):419-426.
6. **Barlow S**, **Temte J**, Zheteyeva Y, Fowlkes A, Reed C, et al. Utility of nontraditional data sources for early detection of influenza. *Online Journal of Public Health Informatics*. 2017 May 2;9(1).
7. Hale L, Singer L, **Barnet JH**, Peppard PE, Hagen EW. Associations between midlife insomnia symptoms and earlier retirement. *Sleep Health*. 2017 Jun;3(3):170-177.
8. Hayney MS, Henriquez KM, **Barnet JH**, Ewers T, Champion HM, Flannery S, **Barrett B**. Serum IFN- γ -induced protein 10 (IP-10) as a biomarker for severity of acute respiratory infection in healthy adults. *Journal of Clinical Virology*. 2017 Mar 16;90:32-37.
9. **Barrett B**. Viral upper respiratory infection. In: *Integrative Medicine*, 4th ed. Philadelphia, Pennsylvania: Elsevier; 2017: 170-179.
10. **Berg KM**, Jorenby DE, Baker TB, Fiore MC. Triple smoking cessation therapy with varenicline, nicotine patch and nicotine lozenge: a pilot study to assess tolerability, satisfaction and end-of-treatment quit rates. *Journal of Smoking Cessation*. 2017 Sep:1-9.

11. Petersen A, Mermelstein R, **Berg KM**, Baker TB, Smith SS, et al. Offering smoking treatment to primary care patients in two Wisconsin healthcare systems: who chooses smoking reduction versus cessation? *Preventive Medicine*. 2017 Dec;105:332-336.
12. **Brown R, Deyo B**, Riley C, **Quanbeck A**, Glass JE, Turpin R, Hetzel S, **Nicholas C, Cruz M**, et al. Screening in Trauma for Opioid Misuse Prevention (STOMP): study protocol for the development of an opioid risk screening tool for victims of injury. *Addiction Science & Clinical Practice*. 2017 Dec 4;12(1):28.
13. Harris AHS, **Brown R**, Dawes M, Dieperink E, Myrick DH. Effects of a multifaceted implementation intervention to increase utilization of pharmacological treatments for alcohol use disorders in the US Veterans Health Administration. *Journal of Substance Abuse Treatment*. 2017 Nov;82:107-112.
14. Molfenter T, Knudsen HK, **Brown R**, Jacobson N, Horst J, et al. Test of a workforce development intervention to expand opioid use disorder treatment pharmacotherapy prescribers: protocol for a cluster randomized trial. *Implementation Science*. 2017 Nov 15;12(1):135.
15. Maslowsky J, Whelan Capell J, Moberg DP, **Brown RL**. Universal school-based implementation of screening brief intervention and referral to treatment to reduce and prevent alcohol, marijuana, tobacco, and other drug use: process and feasibility. *Substance Abuse*. 2017;11:1178221817746668.
16. Paltzer J, **Brown RL**, Burns M, Moberg DP, Mullahy J, et al. Substance use screening, brief intervention, and referral to treatment among Medicaid patients in Wisconsin: impacts on healthcare utilization and costs. *Journal of Behavioral Health Services & Research*. 2017 Jan;44(1):102-112.
17. Brellenthin AG, Crombie KM, **Brown RT**, Steiner PM, Koltyn KF. Psychological responses to standard care and exercise in individuals with substance use disorders: 1656 Board# 331 June 1. *Medicine & Science in Sports & Exercise*. 2017 May 1;49(5S):473.
18. **Brown RT, Nicholas CR**, Cozzi NV, Gassman MC, Cooper KM, et al. Pharmacokinetics of escalating doses of oral psilocybin in healthy adults. *Clinical Pharmacokinetics*. 2017 Dec;56(12):1543-1554.
19. **Cayley Jr W**. Book Review: Biomedicine in an Unstable Place-Infrastructure and Personhood in a Papua, New Guinean Hospital. *Family Medicine*. 2017 Feb;49(2):150.
